Effective since China's resumption of sovereignty on 1 July 1997, the Hong Kong Basic Law lays down the general policies and system of government for Hong Kong under the "one country, two systems" formula. It guarantees Hong Kong a high degree of autonomy, enshrines the rights and freedoms of residents, and preserves a separate common law system with an independent judiciary. This introduction traces the origins of the Hong Kong Basic Law and the concepts and legal issues that surround it. Drawing on the experience of the first 15 years, it then analyses the content of the Hong Kong Basic Law, especially in relation to Hong Kong's political system, the judiciary, and human rights. Intended especially for students at all levels in law, politics, and other disciplines, this book—the only introductory guide of its kind to the subject—will also appeal to the general reader interested in Hong Kong's experience under "one country, two systems". "Danny Gittings's Introduction to the Hong Kong Basic Law makes a significant contribution to an important subject. It is expressed in reader-friendly terms. The insights that it provides are of value not only to lawyers but also to the general public." —The Hon. Mr. Justice Kemal Bokhary, Permanent Judge of the Hong Kong Court of Final Appeal (1997–2012), Non-Permanent Judge (2012–). "This well-researched and very readable introduction explains the history, practices and future of the Basic Law—Hong Kong's key constitutional document. It also explores how far the Basic Law is able to address the many political and legal issues now facing Hong Kong. The book is suitable for a wide range of readers. Students of Hong Kong law at all levels will find it essential reading. General readers with an interest in Hong Kong's governance will find in it a lucid and accurate guide—and a timely one as the debate about implementing

democracy intensifies." —Professor Fu Hualing, Faculty of Law, University of Hong Kong.

"Many of us approach law books with trepidation. But Gittings, a legal academic, used to be a journalist and this shows in his ability to make the book accessible to the general reader. [...] The Basic Law will continue to be central to issues facing the city for years to come. This book enables the reader to quickly acquire a much better understanding of them." — South China Morning Post

"As Professor Gittings points out in his book, which includes a chapter on what might happen after Hong Kong's 50-year autonomy ends, readability was a key aim. Acronyms are kept to a minimum and details set up neatly and comprehensively in footnotes so that the main text is kept as clean as possible." — Hong Kong Lawyer

February issue includes Appendix entitled Directory of United States Government periodicals and subscription publications; September issue includes List of depository libraries; June and December issues include semiannual index

Vols. for 1898-1968 include a directory of publishers. Now in its second edition, *How to Read Texts* introduces students to key critical approaches to literary texts and offers a practical introduction for students developing their own critical and close-reading skills. Written in a lively, jargon-free style, it explains critical concepts, approaches and ideas including:

- Debates around critical theory
- The role of history and context
- The links between creativity and criticism
- The relationship between author, reader and text.

The new edition now includes guidance on analysing a range of multi-media texts, including film and online media as well as the purely literary. In addition to new practical examples, readings, exercises and 'checkpoints' that help students to build confidence in their own critical readings of both primary

and secondary texts, the book now also offers guidance on writing fully-formed critical essays and tips for independent research. Comprehensively updated and revised throughout, *How to Read Texts* is an indispensable guide for students making the transition to university study. A record of literary properties sold at auction in the United States. Vols. for 1898-1968 include a directory of publishers. Excerpt from *American English: A Paper Read Before the Albany Institute, June 6, 1882, With Revision and Additions* It may be worth while to present some samples of the words that are improperly included in Bartlett's Dictionary, as showing the means by which a tremendous number of pseudo-americanisms have been, first and last, accumulated by people who find satisfaction in counting them up. About the Publisher *Forgotten Books* publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. *Forgotten Books* uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. Unit –VI : English in India: history, evolution and futures Unit –VII : Cultural Studies Unit –VIII : Literary Criticism Unit –IX : Literary Theory post World War II Unit –X : Research Methods and Materials in English "Report of the Dominion fishery commission on the fisheries of the province of Ontario, 1893", issued as vol. 26, no. 7, supplement. Vols. for 1898-1968 include a directory of publishers. This volume documents international, national, and small-scale testing and assessment projects of English language education for young learners, across a range of educational contexts. It covers three main areas: age-appropriate 'can do statements' and task types for teaching and testing learners between the ages of 6 to 13; innovative approaches to self-assessment, diagnostic testing, self- perception, and computer-based testing; and findings on how young learners perform on vocabulary, listening, speaking, pronunciation, and reading comprehension tests in European and Asian contexts. Early language learning has become a major trend in English language education around the globe. As a result of the spread of teaching English to a growing number of young children, assessment of and for learning have emerged as key issues. In line with this development, there is a clear and emerging need to make early language programs accountable and to assess both the progress children make over time and to quantify their achievement at various stages of development. This volume informs stakeholders

about the realistic goals of early language learning, their efficiency, and how much progress children make over time. **Benefits:** • **Crisp Revision with On-Tips Notes & Mind Maps** • **100% Exam Readiness with Latest Solved Papers ( Slot 1 & 2 )-NTA 2022** • **Extensive Practice with 10 Solved Sample Question Papers with 50 MCQs** • **Valuable Exam Insights with NCERT-based MCQs** • **Concept Clarity with 450+ Explanations & Smart Answer Key**

**This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work.
