The bonus extra CD-ROM contains: - 320 interactive grammar exercises to revise the grammar taught in Essential Grammar in Use and practise the grammar taught in English Grammar in Use - instant scoring and feedback - electronic study guides for students to check their level - 2 printable grammar reference pullout panels - sample of the Cambridge Learner's Dictionary CD-ROM containing 2,500 key words - web links to both Cambridge Dictionaries Online and the In Use website. This unique compendium discusses some core ideas for the development and implementation of machine learning from three different perspectives — the statistical perspective, the artificial neural network perspective and the deep learning methodology. The useful reference text represents a solid foundation in machine learning and should prepare readers to apply and understand machine learning algorithms as well as to invent new machine learning methods. It tells a story outgoing from a perceptron to deep learning highlighted with concrete examples, including exercises and answers for the students. This textbook supplement for language students focuses on correct grammatical construction and word usage in Spanish. Covered in detail are parts of speech, verb tenses, regular and irregular verbs, sentence structure, interrogative sentences, the conditional and subjunctive moods, and more. The book is filled with practice exercises and answers. Barron's continues its ongoing project of updating, improving, and giving handsome new designs to its popular list of Easy Way titles, now re-named Barron's E-Z Series. The new cover designs reflect the books' brand-new page layouts, which feature extensive two-color treatment, a fresh, modern typeface, and more graphic material than ever. Charts, graphs, diagrams, instructive line illustrations, and where appropriate, amusing cartoons help to make learning E-Z. Barron's E-Z books are self-teaching manuals focused to improve students' grades across a wide array of academic and

practical subjects. For most subjects, the skill level ranges between senior high school and college-101 standards. In addition to their self-teaching value, these books are also widely used as textbooks or textbook supplements in classroom settings. E-Z books review their subjects in detail, using both short quizzes and longer tests to help students gauge their learning progress. All exercises and tests come with answers. Subject heads and key phrases are set in a second color as an easy reference aid.
