El presente libro denominado MANUAL PARA LA ELABORACIÓN E IMPLEMENTACION DE UN MODELO DE EVALUACIÓN POR COMPETENCIAS, es el resultado de once años de trabajo, asesoría y acompañamiento a tres grandes instituciones públicas, en donde he sido Rector y de las cuales me siento muy orgulloso. Este manual parte primero desde lo que es la fundamentación, es decir el manejo de conceptos claves como: competencias, evaluación enseñar y aprender desde la perspectiva de procesos. De modo que el lector tenga una clara concepción de lo que debe saber sobre el tema y así poder plantear un modelo y los pasos que se deben seguir para su implementación. Este manual le permite a los docentes crear un modelo práctico de evaluación que facilita la promoción y el éxito de los estudiantes. En la mayoría de países latinoamericanos se habla mucho de competencias, pero no se tiene bien claro que son y cómo aplicarlas en el contexto de la escuela y más complicado aún el cómo volverlas un elemento base para el proceso de evaluación. Este manual pretende ofrecer un enfoque o concepción básica de competencia en donde el docente en un lenguaje sencillo pueda entenderla en toda su esencia y aplicación. Otro aspecto importante de este manual está en ofrecer procedimientos que faciliten el proceso de evaluación en las instituciones educativas, acompañado de una serie de instrumentos que le permitan a las instituciones contar con herramientas que evidencien los avances de la evaluación en las instituciones, herramientas que le darán mayor forma al diseño curricular. Vols. 9-17 include decisions of the War Labor Board. This manual is intended to fill a gap in the area of Romance studies. There is no introduction available so far that broadly covers the field of Catalan linguistics, neither in Catalan nor in any other language. The work deals with the language spoken in Catalonia and Andorra, the Balearic Islands, the region of Valencia, Northern Catalonia and the town of l'Alguer in Sardinia. Besides introducing the ideologies of language and nation and the history of Catalan linguistics, the manual is divided into separate parts embracing the description – grammar, lexicon, variation and varieties – and the history of the language since the early medieval period to the present day. It also covers its current social and political situation in the new local and global contexts. The main emphasis is placed on modern Catalan. The manual is designed as a companion for students of Catalan, while also introducing specialists of other languages into this field, in particular scholars of Romance languages.
