My Life and Career as a Biblical Scholar May 14 2022 Despite growing up in a poor family during the 1930s and '40s, Van Seters eventually excelled at the University of Toronto and earned a PhD at Yale University in ancient Near Eastern and Hebrew studies. Before Van Seters became a teacher, he and his wife spent three-quarters of a year in Palestine, becoming familiar with the whole region. Later in his career Van Seters assisted in archaeological expeditions in Jordan and Egypt. Visits to the Near East across his career broadened his understanding and appreciation of the biblical texts he studied professionally. Van Seters spent most of his working life teaching in universities—first at the University of Toronto, and then for over twenty years at the University of North Carolina, Chapel Hill. This book not only chronicles what Van Seters has accomplished as a biblical scholar but also tells how he has become such a scholar. He hopes that experiences recorded here may guide young scholars to develop fruitful careers in biblical studies.

St. James and Goldstein at Yale Aug 25 2020 I didn't know it then, but I know it now, that what I said to Harold was like crossing a Rubicon. I had declared myself, there was no turning back. I said what I said with feeling and to someone who up to that moment was like a god on Mt. Olympus. He became Harold St. James, secular savior and friend. I could talk to him. I didn't have to choose my words. I could be Izzy Goldstein. What will later become the legendary St. James-Goldstein duo at Yale begins on the day World War II breaks out in Europe. Harold St. James and Izzy Goldstein meet on the train to New Haven, Connecticut, and both learn that they will be working together in two different departments in the same building at Yale. Their oddball friendship becomes fodder for snide comments and campus newspaper articles. But it's a strong friendship that carries them

through an initial anti-Semitism, Harold's marriage and his wife's premature death, the House Un-American Activities Committee, the Vietnam War, and the Black Panthers.

[Davos, Aspen & Yale](#) Feb 23 2023 "Ted Malloch--bon vivant, scholar, diplomat, businessman, sportsman ... brings us along on some of his greatest adventures." --Linda Bridges, Editor-at-Large, National Review A former Yale professor and senior business executive whose contact list includes the most powerful leaders in business, media and politics, Ted Malloch has seen it all, done it all, and now is telling all. From his appointment as sergeant in the Toilet Patrol (reserved for children deemed "gifted") to his appointment as scholar-diplomat by the US State Department to a peek behind the curiosity curtain at the Davos meeting to how he lost millions in the dot-com bubble to his one-person seminar for the chairman of Toyota, it's all here. With names. In Davos, Aspen, and Yale, Malloch presents a humorous and witty take on his life experiences in this unique and riotous account. Masterfully woven throughout the stories are insights on his driving passion: enterprise, organization, dedication, skill, teamwork, diligence, and planning. The virtues that drive an uncommon life are illustrated throughout--as are stories of those who have abandoned those virtues. He's not afraid to name names; many well-known leaders play parts in this can't-put-down-and-get-back-to-work "WASPY" tale. Malloch demonstrates how his Christian faith and spiritual capital have motivated and guided his purpose and higher calling.

[The Night Is Yours](#) Aug 17 2022 From the New York Times bestselling illustrator of *I Am Enough*, this glowing, empowering picture book about a nighttime hide-and-seek game celebrates blackness and self-confidence. Little one, so calm and so happy, the darkness of the night is yours like the darkness of your skin. This lyrical text, narrated to a young girl named Amani by her father, follows her as she plays an evening game of hide-and-seek with friends at her apartment complex. The moon's glow helps Amani find the last hidden child, and seems almost like a partner to her in her game, as well as a spotlight pointing out her beauty and strength. This is a gorgeous bedtime read-aloud about joy and family love and community, and most of all about feeling great in your own skin.

[The Collected Schizophrenias](#) Jan 30 2021 Powerful, affecting essays on mental illness, winner of the Graywolf Press Nonfiction Prize and a Whiting Award An intimate, moving book written with the immediacy and directness of one who still struggles with the effects of mental and chronic illness, *The Collected Schizophrenias* cuts right to the core. Schizophrenia is not a single unifying diagnosis, and Esmé Weijun Wang writes not just to her fellow members of the “collected schizophrenias” but to those who wish to understand it as well. Opening with the journey toward her diagnosis of schizoaffective disorder, Wang discusses the medical community’s own disagreement about labels and procedures for diagnosing those with mental illness, and then follows an arc that examines the manifestations of schizophrenia in her life. In essays that range from using fashion to present as high-functioning to the depths of a rare form of psychosis, and from the failures of the higher education system and the dangers of institutionalization to the complexity of compounding factors such as PTSD and Lyme disease, Wang’s analytical eye, honed as a former lab researcher at Stanford, allows her to balance research with personal narrative. An essay collection of undeniable power, *The Collected Schizophrenias* dispels misconceptions and provides insight into a condition long misunderstood.

Martin Buber May 02 2021 The first major biography in English in over thirty years of the seminal modern Jewish thinker Martin Buber An authority on the twentieth-century philosopher Martin Buber (1878-1965), Paul Mendes-Flohr offers the first major biography in English in thirty years of this seminal modern Jewish thinker. The book is organized around several key moments, such as his sudden abandonment by his mother when he was a child of three, a foundational trauma that, Mendes-Flohr shows, left an enduring mark on Buber’s inner life, attuning him to the fragility of human relations and the need to nurture them with what he would call a “dialogical attentiveness.” Buber’s philosophical and theological writings, most famously *I and Thou*, made significant contributions to religious and Jewish thought, philosophical anthropology, biblical studies, political theory, and Zionism. In this accessible new biography, Mendes-Flohr situates Buber’s life and legacy in the intellectual and cultural life of German Jewry as well as in the broader European intellectual life of the first half of the twentieth century.

A Way of Life Mar 12 2022 A short and thoughtful introduction to traditional Chinese medicine that looks beyond the conventional boundaries of Western modernism and biomedical science Traditional Chinese medicine is often viewed as mystical or superstitious, with outcomes requiring naïve faith. Judith Farquhar, drawing on her hard-won knowledge of social, intellectual, and clinical worlds in today's China, here offers a concise and nuanced treatment that addresses enduring and troublesome ontological, epistemological, and ethical questions. In this work, which is based on her 2017 Terry Lectures "Reality, Reason, and Action In and Beyond Chinese Medicine," she considers how the modern, rationalized, and scientific field of traditional Chinese medicine constructs its very real objects (bodies, symptoms, drugs), how experts think through and sort out pathology and health (yinyang, right qi/wrong qi, stasis, flow), and how contemporary doctors act responsibly to "seek out the root" of bodily disorder. Through this refined investigation, East-West contrasts collapse, and systematic Chinese medicine, no longer a mystery or a pseudo-science, can become a philosophical ally and a rich resource for a more capacious science.

The Yale-China Association Apr 20 2020 The Yale-China Association's long legacy of work in China places it among the premier American organizations engaged in international service. Founded in 1901, Yale-China built on a long tradition of Yale's graduates founding churches, schools, and colleges in far-flung places. In time, the organization evolved into a bicultural educational enterprise, reflecting a spirit of intellectual tolerance and openness that adapted itself to China's changing conditions and needs. From its earliest years at the close of the Qing dynasty through wars, revolutions, and the modern era of

reform, Yale-China's history was interwoven with China's own turbulent journey to find its place in the modern world. At certain points in its history, Yale-China was ahead of its time; at others, the organization was overwhelmed by social and political forces beyond its control or comprehension. Yale-China's history thus provides intriguing insights into the vagaries and complexities of America's interaction with China in the twentieth century, as well as the profound ambivalence with which many Chinese viewed the United States--its representatives, educational models, and intentions toward China--in this period.

Death Oct 27 2020 There is one thing we can be sure of: we are all going to die. But once we accept that fact, the questions begin. In this thought-provoking book, philosophy professor Shelly Kagan examines the myriad questions that arise when we confront the meaning of mortality. Do we have reason to believe in the existence of immortal souls? Should we accept an account according to which people are just material objects, nothing more? Can we make sense of the idea of surviving the death of one's body? If I won't exist after I die, can death truly be bad for me? Would immortality be desirable? Is fear of death appropriate? Is suicide ever justified? How should I live in the face of death? Written in an informal and conversational style, this stimulating and provocative book challenges many widely held views about death, as it invites the reader to take a fresh look at one of the central features of the human condition—the fact that we will die.

The Autobiography of an Ex-Colored Man Dec 29 2020 The Autobiography of an Ex-Colored Man, novel by James Weldon Johnson, published in 1912. This fictional autobiography, originally issued anonymously in order to suggest authenticity, explores the intricacies of racial identity through the eventful life of its mixed-race (and unnamed) narrator. The narrator, born in Georgia, tells of his childhood in Connecticut, where his mixed-race mother, aided by monthly checks from the boy's white father, is able to provide a secure and cultured environment. Learning of his black heritage only by accident, the narrator experiences the first of several identity shifts that will eventually find him opting for membership in white society. A European interlude under the sponsorship of a wealthy white male companion raises the question of sexual identity as well, but the novel never makes this issue explicit. Throughout the work, Johnson employs characters, locales, incidents, and motifs from his own life, but the narrator is less a conscious self-portrait than a representation of the author's own ambivalence.

Yale Needs Women Jul 16 2022 WINNER OF THE 2020 CONNECTICUT BOOK AWARD FOR NONFICTION AND NAMED ONE OF THE BEST BOOKS FOR BOOK CLUBS IN 2021 BY BOOKBROWSE "Perkins makes the story of these early and unwitting feminist pioneers come alive against the backdrop of the contemporaneous civil rights and anti-war movements of the 1970s, and offers observations that remain eerily relevant on U.S. campuses today."—Edward B. Fiske, bestselling author of Fiske Guide to Colleges "If Yale was going to keep its standing as one of the top two or three colleges in the

nation, the availability of women was an amenity it could no longer do without." In the winter of 1969, from big cities to small towns, young women across the country sent in applications to Yale University for the first time. The Ivy League institution dedicated to graduating "one thousand male leaders" each year had finally decided to open its doors to the nation's top female students. The landmark decision was a huge step forward for women's equality in education. Or was it? The experience the first undergraduate women found when they stepped onto Yale's imposing campus was not the same one their male peers enjoyed. Isolated from one another, singled out as oddities and sexual objects, and barred from many of the privileges an elite education was supposed to offer, many of the first girls found themselves immersed in an overwhelmingly male culture they were unprepared to face. Yale Needs Women is the story of how these young women fought against the backward-leaning traditions of a centuries-old institution and created the opportunities that would carry them into the future. Anne Gardiner Perkins's unflinching account of a group of young women striving for change is an inspiring story of strength, resilience, and courage that continues to resonate today.

The Life of Music Jun 15 2022 Nicholas Kenyon explores the enduring appeal of the classical canon at a moment when we can access all music—across time and cultures Immersed in music for much of his life as writer, broadcaster and concert presenter, former director of the BBC Proms, Nicholas Kenyon has long championed an astonishingly wide range of composers and performers. Now, as we think about culture in fresh ways, Kenyon revisits the stories that make up the classical tradition and foregrounds those which are too often overlooked. This inclusive, knowledgeable, and enthusiastic guide highlights the achievements of the women and men, amateurs and professionals, who bring music to life. Taking us from pianist Myra Hess's performance in London during the Blitz, to John Adams's composition of a piece for mourners after New York's 9/11 attacks, to Italian opera singers singing from their balconies amidst the 2020 pandemic, Kenyon shows that no matter how great the crisis, music has the power to bring us together. His personal, celebratory account transforms our understanding of how classical music is made—and shows us why it is more relevant than ever.

Influence Is Your Superpower Dec 17 2019 Rediscover the superpower that makes good things happen, from the professor behind Yale School of Management's most popular class "The new rules of persuasion for a better world."—Charles Duhigg, author of the bestsellers The Power of Habit and Smarter Faster Better You were born influential. But then you were taught to suppress that power, to follow the rules, to wait your turn, to not make waves. Award-winning Yale professor Zoe Chance will show you how to rediscover the superpower that brings great ideas to life. Influence doesn't work the way you think because you don't think the way you think. Move past common misconceptions—such as the idea that asking for more will make people dislike you—and understand why your go-to negotiation strategies are probably making you less influential. Discover the one thing that influences behavior more than anything else. Learn to

cultivate charisma, negotiate comfortably and creatively, and spot manipulators before it's too late. Along the way, you'll meet alligators, skydivers, a mind reader in a gorilla costume, Jennifer Lawrence, Genghis Khan, and the man who saved the world by saying no. *Influence Is Your Superpower* will teach you how to transform your life, your organization, and perhaps even the course of history. It's an ethical approach to influence that will make life better for everyone, starting with you.

Yale Aug 05 2021 This lively history of Yale traces the development of the college from its founding in 1701 by a small group of Puritan clergymen intent on preserving the purity of the faith in Connecticut, to its survival in the eighteenth century as a center for intellectual life, to its expansion in the nineteenth and twentieth centuries as a major international university. "For tasting one of the well-springs of a peculiarly American version of higher learning, *Yale: A History* is clearly to be recommended to readers anywhere. It will be read with profit as well as enjoyment."--Times Higher Education Supplement "Kelley sustains his] theme well and reconstructs the institutional development of Yale with considerable skill and empathy. . . . A very informative book."--Journal of American History "Useful both for those primarily interested in Yale as an institution and for students of the history of higher education generally."--The Historian "A readable, accurate synthesis of Yale's internal history, fully comparable to the best single-volume treatments of other major universities."--Times Literary Supplement

Yale's Ironmen Oct 15 2019 Princeton and Rutgers played the first game, in 1869. But it was at Yale where football evolved and no institution has a more meaty history of the sport. Yale was the first college to record 800 victories, that milestone reached in the year 2000. Sixty-six years before, a more significant triumph came unexpectedly to the Bulldogs on Princeton's field and from that contest emerged Yale's Ironmen. They were supposed to lose by at least three touchdowns to an undefeated opponent being touted as a Rose Bowl candidate. The eleven Yale starters played all 60 minutes, an uncommon feat never duplicated thereafter in major college football. The game was played against the background of the Depression. Yet Princeton's Palmer Stadium was full that warm November afternoon for the first time in six years. "I guess people wanted to get their minds off their troubles," said the Yale quarterback, Jerry Roscoe, who threw the winning touchdown pass to Larry Kelley, the latter the first winner of the Heisman Trophy. How did this game, this success, affect the lives of those eleven men of iron? Who were they? What happened, as World War II descended and snared them?

50 Yale Admission Success Stories Sep 25 2020 From the students at the Yale Daily News, a book that highlights the essays that got students into Yale University, helping high school seniors get into the school of their choice The competition to get into a top-tier school

becomes more and more fierce every year. Parents and students are searching for the best advice, and the final question they ask after joining clubs in high school and keeping the grades up is: How do I write a winning essay? *50 Yale Admission Success Stories* and the *Essays that Made Them Happen* shows college applicants how to do exactly that, showcasing the Common App essays that got students into Yale, in addition to Yale-specific application essays and other supplemental aspects of the Yale application, like short statements and short answers. But this book does more than just show students what kind of essays got college students through the door; it profiles each student who contributed to the collection and puts those essays into context. We meet Edgar Avina, a political science major from Houston who worked odd jobs to support his family, who immigrated from Mexico. Madeleine Bender, a New York City native, is a "jack of all trades" who writes for the Daily News, plays clarinet for a concert band, and majors in both Classics and Ecology & Evolutionary Biology. These profiles set this book apart from other college essay books, reminding students that in order to write a strong essay, you must be yourself and understand how the university you're applying to will help you make your greatest dreams into a reality.

To Describe a Life Mar 20 2020 From the civil rights movement to Black Lives Matter, issues of race, representation, and violence inform this interrogation of art and its necessity in times of crisis.

Jean Cocteau Feb 11 2022 This passionate and monumental biography reassesses the life and legacy of one of the most significant cultural figures of the twentieth century Unevenly respected, easily hated, almost always suspected of being inferior to his reputation, Jean Cocteau has often been thought of as a jack-of-all-trades, master of none. In this landmark biography, Claude Arnaud thoroughly contests this characterization, as he celebrates Cocteau's "fragile genius—a combination almost unlivable in art" but in his case so fertile. Arnaud narrates the life of this legendary French novelist, poet, playwright, director, filmmaker, and designer who, as a young man, pretended to be a sort of a god, but who died as a humble and exhausted craftsman. His moving and compassionate account examines the nature of Cocteau's chameleon-like genius, his romantic attachments, his controversial politics, and his intimate involvement with many of the century's leading artistic lights, including Picasso, Proust, Hemingway, Stravinsky, and Tennessee Williams. Already published to great critical acclaim in France, Arnaud's penetrating and deeply researched work reveals a uniquely gifted artist while offering a magnificent cultural history of the twentieth century.

Moses Sep 06 2021 An unprecedented portrait of Moses's inner world and perplexing character, by a distinguished biblical scholar No figure looms larger in Jewish culture than Moses, and few have stories more enigmatic. Avivah Gottlieb Zornberg, acclaimed for her many books on Jewish thought, turns her attention to Moses in this remarkably rich, evocative book. Drawing on a broad range of sources—literary as well as psychoanalytic, a wealth of classical Jewish texts alongside George Eliot, W. G. Sebald, and Werner Herzog—Zornberg offers a vivid and original portrait of the biblical Moses. Moses's vexing personality, his

uncertain origins, and his turbulent relations with his own people are acutely explored by Zornberg, who sees this story, told and retold, as crucial not only to the biblical past but also to the future of Jewish history.

Flourishing Apr 01 2021 More than almost anything else, globalization and the great world religions are shaping our lives, affecting everything from the public policies of political leaders and the economic decisions of industry bosses and employees, to university curricula, all the way to the inner longings of our hearts. Integral to both globalization and religions are compelling, overlapping, and sometimes competing visions of what it means to live well. In this perceptive, deeply personal, and beautifully written book, a leading theologian sheds light on how religions and globalization have historically interacted and argues for what their relationship ought to be. Recounting how these twinned forces have intersected in his own life, he shows how world religions, despite their malfunctions, remain one of our most potent sources of moral motivation and contain within them profoundly evocative accounts of human flourishing.

Globalization should be judged by how well it serves us for living out our authentic humanity as envisioned within these traditions. Through renewal and reform, religions might, in turn, shape globalization so that can be about more than bread alone.

Irving Berlin Sep 18 2022 From the prizewinning Jewish Lives series, a fast-moving, musically astute portrait of arguably the greatest composer of American popular music Irving Berlin (1888-1989) has been called--by George Gershwin, among others--the greatest songwriter of the golden age of the American popular song. "Berlin has no place in American music," legendary composer Jerome Kern wrote; "he is American music." In a career that spanned an astonishing nine decades, Berlin wrote some fifteen hundred tunes, including "Alexander's Ragtime Band," "God Bless America," and "White Christmas." From ragtime to the rock era, Berlin's work has endured in the very fiber of American national identity. Exploring the interplay of Berlin's life with the life of New York City, noted biographer James Kaplan offers a visceral narrative of Berlin as self-made man and witty, wily, tough Jewish immigrant. This fast-paced, musically opinionated biography uncovers Berlin's unique brilliance as a composer of music and lyrics. Masterfully written and psychologically penetrating, Kaplan's book underscores Berlin's continued relevance in American popular culture. About Jewish Lives: Jewish Lives is a prizewinning series of interpretative biography designed to explore the many facets of Jewish identity. Individual volumes illuminate the imprint of Jewish figures upon literature, religion, philosophy, politics, cultural and economic life, and the arts and sciences. Subjects are paired with authors to elicit lively, deeply informed books that explore the range and depth of the Jewish experience from antiquity to the present. In 2014, the Jewish Book Council named Jewish Lives the winner of its Jewish Book of the Year Award, the first series ever to receive this

award. More praise for Jewish Lives: "Excellent." - New York times
"Exemplary." - Wall St. Journal "Distinguished." - New Yorker
"Superb." - The Guardian

Center USA Literary Award in Creative Nonfiction and the Books for a
Better Life Award in Inspirational Memoir At the age of thirty-six, on
the verge of completing a decade's worth of training as a
neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung
cancer. One day he was a doctor treating the dying, and the next he
was a patient struggling to live. And just like that, the future he and
his wife had imagined evaporated. When Breath Becomes Air
chronicles Kalanithi's transformation from a naïve medical student
"possessed," as he wrote, "by the question of what, given that all
organisms die, makes a virtuous and meaningful life" into a
neurosurgeon at Stanford working in the brain, the most critical place
for human identity, and finally into a patient and new father
confronting his own mortality. What makes life worth living in the face
of death? What do you do when the future, no longer a ladder toward
your goals in life, flattens out into a perpetual present? What does it
mean to have a child, to nurture a new life as another fades away?
These are some of the questions Kalanithi wrestles with in this
profoundly moving, exquisitely observed memoir. Paul Kalanithi died
in March 2015, while working on this book, yet his words live on as a
guide and a gift to us all. "I began to realize that coming face to face
with my own mortality, in a sense, had changed nothing and
everything," he wrote. "Seven words from Samuel Beckett began to
repeat in my head: 'I can't go on. I'll go on.'" When Breath Becomes
Air is an unforgettable, life-affirming reflection on the challenge of
facing death and on the relationship between doctor and patient, from
a brilliant writer who became both.

Jane Austen Jan 10 2022 Every devoted reader feels that, in some way,
they know Jane Austen. But how can we make sense of her
extraordinary achievements? At a time when most women received so
little formal education and none could obtain a place at university, how
did Austen come to write novels that have commanded the attention of
some of the most brilliant minds ever since? Why were hers the books
that Darwin knew by heart and Churchill read during the Blitz? In this
graceful introduction to the author's life and works, Fiona Stafford
offers a fresh and accessible perspective, discussing Austen's six
astonishing novels in the context of their time. Newly updated, Jane
Austen: A Brief Life offers a rich and sympathetic insight into a writer
who was just as much the Romantic genius as Keats, Shelley or Byron -
full of youthful exuberance, intensely creative once she had found her

individual voice, and dead before she reached middle age.

Adventurer Dec 21 2022 A fast-paced narrative about the world-
famous libertine Giacomo Casanova, from celebrated biographer Leo
Damrosch "Fully succeeds in communicating that 'vivid presentness, '
that 'joyful eagerness' for life, which is what keeps us reading
Casanova--and reading about him."--Gregory Dowling, Wall Street
Journal "A nuanced, deftly contextualized biography of an adventurer,
an opportunist, and a man of voracious appetites . . . another top-notch
work from Damrosch."--Kirkus Reviews (starred review) The life of the
iconic libertine Giacomo Casanova (1725-1798) has never been told in
the depth it deserves. An alluring representative of the
Enlightenment's shadowy underside, Casanova was an aspiring priest,
an army officer, a fortune teller, a con man, a magus, a violinist, a
mathematician, a Masonic master, an entrepreneur, a diplomat, a
gambler, a spy--and the first to tell his own story. In his vivid
autobiography *Histoire de Ma Vie*, he recorded at least a hundred and
twenty love affairs, as well as dramatic sagas of duels, swindles,
arrests, and escapes. He knew kings and an empress, Catherine the
Great, and most of the famous writers of the time, including Voltaire
and Benjamin Franklin. Drawing on seldom used materials, including
the original French and Italian primary sources, and probing deeply
into the psychology, self-conceptions, and self-deceptions of one of the
world's most famous con men and seducers, Leo Damrosch offers a
gripping, mature, and devastating account of an Enlightenment man,
freed from the bounds of moral convictions.

The Yale Book of Quotations Nov 08 2021 This reader-friendly
volume contains more than 12,000 famous quotations, arranged
alphabetically by author. It is unique in its focus on American
quotations and its inclusion of items not only from literary and
historical sources but also from popular culture, sports, computers,
science, politics, law, and the social sciences. Anonymously authored
items appear in sections devoted to folk songs, advertising slogans,
television catchphrases, proverbs, and others.

Theology of My Life Oct 07 2021 This book is an autobiographical
memoir. It tells the story of how God prepared me for the work of
theology during childhood and during my schooling at Princeton,
Westminster, and Yale. It focuses on those events that shaped my
theological convictions and led me to develop my distinctive emphases
in theology, apologetics, and philosophy. It seeks to honor God's
providence in leading me from one point to another in my life as a son,
husband, father, theologian, apologist, and churchman. My goal in the
book is to show how one's theological convictions are products, not
only of logic and reasoning, but also of the events of one's life and the
people one interacts with.

The New Yale Book of Quotations Jun 22 2020 A revised, enlarged, and
updated edition of this authoritative and entertaining reference book
—named the #2 essential home library reference book by the Wall

Safire, New York Times Magazine (on the original edition) "A
quotations book with footnotes that are as fascinating to read as the

quotes themselves."—Arthur Spiegelman, Washington Post Book
World (on the original edition) Updated to include more than a
thousand new quotations, this reader-friendly volume contains over
twelve thousand famous quotations, arranged alphabetically by author
and sourced from literature, history, popular culture, sports, digital
culture, science, politics, law, the social sciences, and all other aspects
of human activity. Contemporaries added to this edition include
Beyoncé, Sandra Cisneros, James Comey, Drake, Louise Glück, LeBron
James, Brett Kavanaugh, Lady Gaga, Lin-Manuel Miranda, Barack
Obama, John Oliver, Nancy Pelosi, Vladimir Putin, Bernie Sanders,
Donald Trump, and David Foster Wallace. The volume also reflects
path-breaking recent research resulting in the updating of quotations
from the first edition with more accurate wording or attribution. It has
also incorporated noncontemporary quotations that have become
relevant to the present day. In addition, *The New Yale Book of
Quotations* reveals the striking fact that women originated many
familiar quotations, yet their roles have been forgotten and their
verbal inventions have often been credited to prominent men instead.
This book's quotations, annotations, extensive cross-references, and

The Short and Tragic Life of Robert Peace Nov 27 2020 An instant
New York Times bestseller, named a best book of the year by The New
York Times Book Review, Amazon, and Entertainment Weekly, among
others, this celebrated account of a young African-American man who
escaped Newark, NJ, to attend Yale, but still faced the dangers of the
streets when he returned is, "nuanced and shattering" (People) and
"mesmeric" (The New York Times Book Review). When author Jeff
Hobbs arrived at Yale University, he became fast friends with the man
who would be his college roommate for four years, Robert Peace.
Robert's life was rough from the beginning in the crime-ridden streets
of Newark in the 1980s, with his father in jail and his mother earning
less than \$15,000 a year. But Robert was a brilliant student, and it was
supposed to get easier when he was accepted to Yale, where he
studied molecular biochemistry and biophysics. But it didn't get easier.
Robert carried with him the difficult dual nature of his existence,
trying to fit in at Yale, and at home on breaks. A compelling and
honest portrait of Robert's relationships—with his struggling mother,
with his incarcerated father, with his teachers and friends—*The Short
and Tragic Life of Robert Peace* encompasses the most enduring
conflicts in America: race, class, drugs, community, imprisonment,
education, family, friendship, and love. It's about the collision of two
fiercely insular worlds—the ivy-covered campus of Yale University and
the slums of Newark, New Jersey, and the difficulty of going from one
to the other and then back again. It's about trying to live a decent life
in America. But most all this "fresh, compelling" (The Washington
Post) story is about the tragic life of one singular brilliant young man.
His end, a violent one, is heartbreaking and powerful and "a haunting
American tragedy for our times" (Entertainment Weekly).

God and Man at Yale Jul 04 2021 "For God, for country, and for Yale... in that order," William F. Buckley Jr. wrote as the dedication of his monumental work—a compendium of knowledge that still resonates within the halls of the Ivy League university that tried to cover up its political and religious bias. In 1951, a twenty-five-year-old Yale graduate published his first book, which exposed the "extraordinarily irresponsible educational attitude" that prevailed at his alma mater. The book, *God and Man at Yale*, rocked the academic world and catapulted its young author, William F. Buckley Jr. into the public spotlight. Now, half a century later, read the extraordinary work that began the modern conservative movement. Buckley's harsh assessment of his alma mater divulged the reality behind the institution's wholly secular education, even within the religion department and divinity school. Unabashed, one former Yale student details the importance of Christianity and heralds the modern conservative movement in his preeminent tell-all, *God and Man at Yale: The Superstitions of "Academic Freedom."*

My Life in China and America Oct 19 2022 Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Slowdown May 22 2020 The end of our high-growth world was underway well before COVID-19 arrived. In this powerful and timely argument, Danny Dorling demonstrates the benefits of a larger, ongoing societal slowdown. Drawing from an incredibly rich trove of global data, this groundbreaking book reveals that human progress has been slowing down since the early 1970s. Danny Dorling uses compelling visualizations to illustrate how fertility rates, growth in GDP per person, and even the frequency of new social movements

have all steadily declined over the last few generations. Perhaps most surprising of all is the fact that even as new technologies frequently reshape our everyday lives and are widely believed to be propelling our civilization into new and uncharted waters, the rate of technological progress is also rapidly dropping. Rather than lament this turn of events, Dorling embraces it as a moment of promise and a move toward stability, and he notes that many of the older great strides in progress that have defined recent history also brought with them widespread warfare, divided societies, and massive inequality.
