The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics. The Rough Guide to Cult Movies offers a blend of essential trivia and informed opinion as it takes you on a tour of the most compellingly weird - and weirdly compelling - films in the world. Whether you're a paid-up member of The Big Lebowski fan club or just looking for a night in with an interesting DVD, The Rough Guide to Cult Movies is the ultimate guide to the world's most memorable films. The Rough Guide to Cult Movies selects cinema's most compelling triumphs: films that are brilliant, intriguing or just plain bizarre; from action flicks to zombie films, by way of nuns, yakuza, musicals and mutations. You'll find expert, pithy reviews of over 1500 movies, with forgotten legends like Charlie Chan and the Opera or contemporary classics like *There Will Be Blood*, plus filmmakers' picks of their favourite cult movies, in their own words. There are good movies and there are bad movies and then there are cult movies. The knives are out. Poetry declares hand-to-hand guerrilla war on conservative aesthetics, political correctness and boundaries imposed on art. In *Resurrecting Knives* De Souza dissects the conventional anatomy of the poem and fashions a new set of intellectual, technical and visual dynamics. Where the American Beat writing experimentalists put work to the sword, randomly cutting up and reforming statements into patchwork poetics - this writing takes on the idea and develops it into a method for strategically cutting into the body of the poem to allow for the insertion of different textures of language and thought. Without resorting to bludgeoning or violence, the author deftly applies a surgical scalpel to make neat cuts around titles or stanzas and into these virtual spaces flow lifeblood of diary entry, film scene descriptions and poetic theory grafted effortlessly into the poem. A meditation on the nature of human violence dovetails into the climactic hall of mirrors combat scene of Bruce Lee in *Enter The Dragon*! A contemplation on the design of the Bowie knife cuts dramatically into a motorcycle gang's knife skill contest in *The Loveless*! The poem narrator's regret of hurling fiery verbal abuse suddenly slices into the scene-set with Clint Eastwood directing his gunslinger's stare before shooting down murderous bandits in *A Fistful of Dollars*. This use of what De Souza describes as the "cut-in technique" is evident in poetry throughout this very adventurous second collection. At the same time, these experiments sit alongside an equally potent set of more conventional poems which continue to explore his favoured themes of the loss of childhood innocence, English landscape, the corrupt nature of business culture and the hedonistic intensity of London. Excerpt from San Antonio De Bexar: A Guide and History It vet remains for me to express thanks to my helpers. To such Texans as Mrs. M. A. Maverick, Mrs. Canterbury, Dr. Cupples, General H. P. Bee, Dr. Herff, Colonel Ford, Colonel Withers, Mr. John Dobbin and to others I owe much more than perhaps they are aware of, for it was my talks with "old-timers" that put me in touch and sympathy with theirs and earlier times. Not all, of course, that I have learned about San Antonio has been herein written down, but every smallest detail was counted by me as a help towards the better understanding of my subject. I was continually impressed by the excellence and accuracy of Sidney Lanier's Historical Sketch, and designed very early that it should form a part of this work. To Bishop Neraz I owe thanks for a glimpse of the older Church Records. As to the County Records, the kind directions of Messrs. Thad. Smith and Theo. Rozeine, have been of much service to me. To all these mentioned, and to many others who have unconsciously helped me at the cost of being bored. I return my thanks; nor do I forget that an acknowledgement is here due to my brother, Charles Corner, for work and encouragement. I trust my book will not only be a satisfaction to the inquiring visitor, but I should like to think that it could furnish a few notes and suggestions to a future historian of Texas. Further than these remarks, I have no use for the prefatory privilege, so for the rest, "for better or for worse," my book, with its illustrations, shall speak for itself. The Ford Maverick was a horse of a different color - four different colors, in fact. It was America's first modern subcompact; as 'The Simple Machine' it combined rugged Ford durability with looks that belied its bargain basement starter sticker. Secondly, the Maverick was an attainable junior supercar. When ponies got pricey, the Maverick Grabber stepped in to fight inflation. And if the Mustang had the Cougar as an upscale cousin, the Grabber could have the Comet GT as its partner in crime. Indeed, it was in the third area of small car luxury, that Maverick LDO (Luxury Décor Option), and Mercury Comet with Custom Option, were truly innovative. Ford was the first domestic to break the previously accepted tenet that luxury went with size. Still, all plush and no sport makes Henry a dull lad. In Super Stock and Pro Stock, the Ford Maverick was raced by Dyno Don Nicholson, Fast Eddie Schartman and Gapp & Roush to victory! Overall, the Ford Maverick was a winner on the track, and in the showroom. Thanks a couple of million Henry! Marc Cranswick's homage to the small US Fords of the 1970s is essential reading for all Maverick and Comet enthusiasts. Maverick and Comet owners are given guidelines for keeping their cars at top performance levels This directory tells how to access and retrieve more than 5,000 Interact databases -- approximately 1,000 new databases have been added for this 5th edition. Five comprehensive indexes -- master, subject, host/provider, white pages and alternate format -- provide quick access to the desired database.
