Jolene's family was just Momma and Grandpa until big, loud Leroy Redfield started taking Momma dancing. Jolene refuses to call him anything but "Mister." Without a name, he isn't a real person to her. But then Jolene learns that Mister wants to marry Momma. Is there anything Jolene can do to make him go away? "The warmth and love in the Johnson household envelops the novel... Jolene's willingness to face the uncertainties of her future may well give courage to readers confronting sea changes of their own."-Publishers Weekly Awards: (New York Public

Library "100 Titles for Reading and Sharing" (A Texas Bluebonnet Master List Book From the author of Rhyme Schemer, House Arrest, and Knockout! The Kids Under the Stairs: BenBee and the Teacher Griefer is a funny, clever novel-in-verse series about Ben Bellows—who failed the Language Arts section of the Florida State test—and three classmates who get stuck in a summer school class. But these kids aren't dumb—they're divergent thinkers, as Ms. J tells them: they simply approach things in a different way than traditional school demands. • Each chapter is told through the perspective of one of the four students, who each write in a different style (art, verse, stream of consciousness). • Celebrates different types of intelligence • A heartwarming, laugh-out-loud novel-in-verse Soon, the kids win over Ms. J with their passion for Sandbox, a Minecraft-type game. The kids make a deal with Ms. J: every minute they spend reading aloud equals one minute they get to play Sandbox in class. But when the administration finds about this unorthodox method of teaching, Ben B. and his buds have to band together to save their teacher's job—and their own academic future. The first in a series of complementary storylines, this is an honest, heartfelt book about friendship, videogames, and learning to love yourself. • Features a distinct and engaging cast of characters • Encourages even the most reluctant

reader to embrace their own "divergent" self • Perfect for parents of kids age 10 and up who love Minecraft, educators and librarians, middle grade readers, new readers of poetry, and fans of videogames • You'll love this book if you love books like Ghost by Jason Reynolds, Patina by Jason Reynolds, and Short by Holly Goldberg Sloan. First published in the mid 1960s, How Children Fail began an education reform movement that continues today. In his 1982 edition, John Holt added new insights into how children investigate the world, into the perennial problems of classroom learning, grading, testing, and into the role of the trust and authority in every learning situation. His understanding of children, the clarity of his thought, and his deep affection for children have made both How Children Fail and its companion volume, How Children Learn, enduring classics. Presents relevant standards-based content that targets student interest to stimulate and encourage learning. Includes case studies, thought-provoking questions, and simulations, and develops 21st century skills in students so that they can apply what they learn and participate as effective and responsible citizens. Timothy is on probation. It's a strange word—something that happens to other kids, to delinquents, not to kids like him. And yet, he is under house arrest for the next year. He must check in weekly with a probation officer

and a therapist, and keep a journal for an entire year. And mostly, he has to stay out of trouble. But when he must take drastic measures to help his struggling family, staying out of trouble proves more difficult than Timothy ever thought it would be. By turns touching and funny, and always original, House Arrest is a middlegrade novel in verse about one boy's path to redemption as he navigates life with a sick brother, a grieving mother, and one tough probation officer.
