Designing Web Graphics.4 Jun 15 2022 The most influential web design book ever written, completely updated to cover motion graphics, broadband interactive design, and more. Since it was first published in 1995, designing web graphics has been the seminal resource for web designers to learn the basics and then the nuances of solid design for the web. Lynda Weinman has been updating the book to reflect changes in the technologies affecting web design, but dwg.4 has been largely rewritten from the ground up. Included is coverage of motion graphics made possible by the Flash phenomenon, broadband-enabled graphics issues, usability, and more. Lynda is rewriting the book so that all coverage of specific tools is focused on the essential functionality of these programs (Photoshop, Dreamweaver, Flash, etc.) and not on version-specific attributes of the software, making the book relevant longer for more users.

The Leafly Guide to Cannabis Aug 05 2021 A savvy connoisseur's guide from the editors of the world's most popular cannabis platform. Cannabis is at the very beginning of a craft and educational renaissance. It is emerging from the legislative shadows and a second awakening is occurring: people are proactively seeking information about how to properly consume and enjoy it. And cannabis is a wildly diverse product, even more so than alcohol. Consumers can experience not only different flavor profiles, but also different cerebral and body effects; they can consume using different methods, from vaporization to combustion to topical application; and they can pick and choose between an ever-growing number of different strains and products. THE LEAFLY GUIDE TO CANNABIS provides all the best tips to navigating this growing market in a definitive guide that will enhance every user's enjoyment and high.

Fossil Forensics Oct 07 2021 In Fossil Forensics, acclaimed Christian author and scientist Jerry Bergman examines the many claims about evolution in the fossil record and shows why they don't stand up to the evidence. The book includes photographs, diagrams, illustrations, and in-depth descriptions showing why the fossils give better evidence to creation instead of evolution.

The Approval Fix Oct 15 2019 Everybody wants to be loved. We all need affirmation, acceptance, and approval. Let's face it: It feels good to be appreciated and admired. But when we depend on the approval of others to feel good about ourselves, it's impossible to have emotional stability or a healthy self-image. And

when our value is based on how people see us rather than God's unconditional love for us, our desire for approval can become an addiction. In The Approval Fix, #1 New York Times bestselling author Joyce Meyer gives you practical insights that will help you learn how to accept who you are and become the unique individual God created you to be. You'll experience greater confidence, deeper emotional stability, and healthier relationships—the life you're really longing for. Today, discover the truth about God's love for you and approval of you. And enjoy the freedom to be the amazing person you can be in Him! Derived from material previously published in Approval Addiction.

Biology of Humans Apr 01 2021 Known for its unique “Special Topic” chapters and emphasis on everyday health concerns, the Fifth Edition of Biology of Humans: Concepts, Applications, and Issues continues to personalize the study of human biology with a conversational writing style, stunning art, abundant applications, and tools to help you develop critical-thinking skills. The authors give you a practical and friendly introduction for understanding how their bodies work and for preparing them to navigate today's world of rapidly expanding—and shifting—health information. Each chapter now opens with new “Did You Know?” questions that pique your interest with intriguing and little-known facts about the topic that follows. The Fifth Edition also features a new “Special Topic” chapter (1a) titled “Becoming a Patient: A Major Decision,” which discusses how to select a doctor and/or a hospital, how to research health conditions, and more.

The Judas Mandala Sep 25 2020 Early in the 21st century, after the Great Recession, poet and young mother Maggie Roche is harassed by a lovely woman, Sriyanie, and a famous neuroscientist, David Elfield. She doesn't know it yet, but she is about to become history's first time traveler. When agents from the far future attempt to kill her, in baffled fury she slingshots herself into the 7th millennium. Instantly she's on the run from the Ull Lords and their virtual reality devotees. These superbeings are cyborged humans constructed to live forever, with the ambition to rule the universe. Maggie is having none of this. Encountering an earlier version of Sriyanie, her fated future role in the formation of the multiverse falls upon her shoulder like a thunderous lightningbolt. A Being at the end of time she calls the Something wages endless war with its foes, the Ull Lords. Torn from her beloved child and her own time, Maggie must choose whether to accept this alienating path into an alternative cosmic history fit for a poet and a free woman.

Kilobyte Nov 15 2019 In the virtual-reality computer game Kilobyte, wheelchair-bound ex-cop Walter Tobin is a hero--and he can have the use of his legs restored. Diabetic Baal Curran is a beautiful princess--and she can forget the illness that drove away her boyfriend. But the game takes on a sinister reality when Walter and Baal are trapped in the system.

An Untamed Land (Red River of the North Book #1) Oct 27 2020 Proud of Their Heritage and Sustained by Their Faith, They Came to Tame a New Land She had promised herself that once they left the fjords of Norway, she would not look back. After three long years of scrimping and saving to buy tickets for their passage to America, Roald and Ingeborg Bjorklund, along with their son, Thorliff, finally arrive at the docks of New York City. It was the promise of free land that fed their dream and lured them from their beloved home high above the fjords of Norway in 1880. Together with Roald's brother Carl and his family, they will build a good life in a new land that promises untold wealth and vast farmsteads for their children. As they join the throngs of countless immigrants passing through Castle Garden, they soon discover that nothing is as they had envisioned it. Appalled by the horrid stories of fellow immigrants bilked of all their money and forced to live in squalid living conditions, the Bjorklunds continue their long journey by train as far as Grand Forks. From there a covered wagon takes them into Dakota Territory, where they settle on the banks of the Red River. But there was no way for them to foresee the price they will have to pay to wrest a living from the indomitable land. The virgin prairie refuses to yield its treasure without a struggle. Will they be strong enough to overcome the hardships of that first winter?

Six Tragedies Aug 25 2020 This is a lively, readable and accurate verse translation of the six best plays by one of the most influential of all classical Latin writers. The volume includes Phaedra, Oedipus, Medea, Trojan Women, Hercules Furens, and Thyestes, together with an invaluable introduction and notes.

Monitoring Rocky Shores Aug 17 2022 Monitoring changes in the intertidal zone of rocky shores has never been more critical. This sensitive habitat at the interface of land and ocean may well be the marine equivalent of the canary in a coal mine as we advance into an era of global climate change. This handbook describes effective methods and procedures for monitoring the ecological and environmental status of these areas. Written by three collaborating authors with extensive field experience, it provides critical discussions and evaluation of the various sampling techniques and field procedures for studies of intertidal macroinvertebrates, seaweeds, and seagrasses. Rather than prescribing standard protocols or procedures, the authors break down the decision-making process into various elements so investigators can become aware of the advantages and disadvantages of choosing a particular method or approach. Chapters discuss topics

such as site selection, field sampling layouts and designs, selection of sampling units, nondestructive and destructive methods of quantifying abundance, and methods for measuring age, growth rates, size, structure, and reproductive condition.

The Hacker and the Ants Jul 24 2020 From a two-time winner of the Philip K. Dick award, and one of the founding fathers of cyberpunk comes a novel about a very modern nightmare: the most destructive computer virus ever has been traced to your machine. Computer programmer Jerzy Rugby spends his days blissfully hacking away in cyberspace — aiding the GoMotion Corporation in its noble quest to create intelligent robots. Then an electronic ant gets into the machinery ... then more ants then millions and millions of the nasty viral pests appear out of nowhere to wreak havoc throughout the Net. And suddenly Jerzy Rugby is Public Enemy Number One, wanted for sabotage, computer crime, and treason — a patsy who must now get to the bottom of the virtual insectile plague. "Rudy Rucker warms the cockles of my heart ... I think of him as the Scarlet Pimpernel of science fiction." — Philip Jose Farmer

Identity Break May 22 2020 How far would you go to find yourself? Imagine everything you thought you knew about yourself turned out to be a lie, and you didn't know who was telling the truth. Imagine you possessed a secret so dangerous that, if it were exposed, it would reshape the entire world. What would you do if that secret were your very identity? In almost every way, Palo Vista seems like a typical California city, with office buildings, schools, and homes sprawled out across suburbia, filled with families making a life for themselves at the dawn of the new millennium. But two seniors at Mt. MacMurray High are about to find out that nothing is as it seems. Jason Nix is a star athlete and honors student who can't seem to remember anything about his childhood. Elyse Van Auten is a budding artist from a broken home whose father left her mother two years ago - or so she's been led to believe. Like most teens entering adulthood, Elyse and Jason just want to find out who they really are. For them, however, the stakes go far beyond their own personal quest. Join them on a journey of self-discovery that becomes a desperate fight for survival against enemies determined to conceal the truth ... and find out what happens when that fight becomes personal.

Quiet Rumours Mar 20 2020 This is a fascinating window into the development of the women's movement in the words of those who moved it. Compiled and introduced by the UK-based anarchist collective Dark Star, Quiet Rumours features articles and essays from four generations of anarchist-inspired feminists, including Emma Goldman, Voltairine de Cleyre, Jo Freeman, Peggy Kornegger, Cathy Levine and beyond. All the pieces from the first two editions are included here, as well as new material bringing third and so-called fourth-wave feminism into conversation with twenty-first century politics.

The Haiti Reader Nov 27 2020 While Haiti established the second independent nation in the Western Hemisphere and was the first black country to gain independence from European colonizers, its history is not well known in the Anglophone world. The Haiti Reader introduces readers to Haiti's dynamic history and culture from the viewpoint of Haitians from all walks of life. Its dozens of selections—most of which appear here in English for the first time—are representative of Haiti's scholarly, literary, religious, visual, musical, and political cultures, and range from poems, novels, and political tracts to essays, legislation, songs, and folk tales. Spanning the centuries between precontact indigenous Haiti and the aftermath of the 2010 earthquake, the Reader covers widely known episodes in Haiti's history, such as the U.S. military occupation and the Duvalier dictatorship, as well as overlooked periods such as the decades immediately following Haiti's "second independence" in 1934. Whether examining issues of political upheaval, the environment, or modernization, The Haiti Reader provides an unparalleled look at Haiti's history, culture, and politics.

The Grilling Book Jan 18 2020 "This beautiful book makes one of America's favorite culinary pastimes accessible to anyone.
