The Western Codification of Criminal Law Oct 27 2020 This volume addresses an important historiographical gap by assessing the respective contributions of tradition and foreign influences to the 19th century codification of criminal law. More specifically, it focuses on the extent of French influence – among others – in European and American civil law jurisdictions. In this regard, the book seeks to dispel a number of myths concerning the French model ' s actual influence on European and Latin American criminal codes. The impact of the Napoleonic criminal code on other jurisdictions was real, but the scope and extent of its influence were significantly less than has sometimes been claimed. The overemphasis on French influence on other civil law jurisdictions is partly due to a fundamental

assumption that modern criminal codes constituted a break with the past. The question as to whether they truly broke with the past or were merely a degree of reform touches on a difficult issue, namely, the dichotomy between tradition and foreign influences in the codification of criminal law. Scholarship has unfairly ignored this important subject, an oversight that this book remedies.

A Global History of Convicts and Penal Colonies
Dec 09 2021 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com. It is funded by the University of Leicester. Between 1415, when the Portuguese first used convicts for colonization purposes in the North African enclave of Ceuta, to the 1960s and the dissolution of Stalin's gulags, global powers including the Spanish, Dutch, Portuguese, British, Russians, Chinese and Japanese transported millions of convicts to forts, penal settlements and penal colonies all over the world. A Global History of Convicts and Penal Colonies builds on specific regional archives and literatures to write the first global history of penal transportation. The essays explore the idea of penal transportation as an engine of global change, in which political repression and forced labour combined to produce long-term impacts on economy, society and identity. They investigate the varied and interconnected routes convicts took to penal sites across the world, and the

relationship of these convict flows to other forms of punishment, unfree labour, military service and indigenous incarceration. They also explore the lived worlds of convicts, including work, culture, religion and intimacy, and convict experience and agency.

The Legal Culture of Northern New Spain, 1700-1810 Apr 20 2020 Spain's colonial rule rested on a judicial system that resolved conflicts and meted out justice. But just how was this legal order imposed throughout the New World? Re-created here from six hundred civil and criminal cases are the procedural and ethical workings of the law in two of Spain's remote colonies--New Mexico and Texas in the eighteenth century. Professor Cutter challenges the traditional view that the legal system was inherently corrupt and irrelevant to the mass of society, and that local judicial officials were uninformed and inept. Instead he found that even in peripheral areas the lowest-level officials--the *alcaldes* town magistrate--had a greater impact on daily life and a keener understanding of the law than previously acknowledged by historians. These local officials exhibited flexibility and sensitivity to frontier conditions, and their rulings generally conformed to community expectations of justice. By examining colonial legal culture, Cutter reveals the attitudes of settlers, their notions of right and wrong, and how they fixed a boundary between proper and improper actions. "A superlative work."--Marc Simmons, author

Convicts Sep 06 2021 Clare Anderson provides a radical new reading of histories of empire and nation, showing that the history of punishment is not solely connected to the emergence of prisons and penitentiaries, but to histories of governance, occupation, and global connections across the world. Exploring punitive mobility to islands, colonies, and remote inland and border regions over a period of five centuries, she proposes a close and enduring connection between punishment, governance, repression, and nation and empire building, and reveals how states, imperial powers, and trading companies used convicts to satisfy various geopolitical and social ambitions. Punitive mobility became intertwined with other forms of labour bondage including enslavement, with convicts a key source of unfree labour that could be used to occupy territories. Far from passive subjects, however, convicts manifested their agency in various forms, including the extension of political ideology and cultural transfer, and vital contributions to contemporary knowledge production.

Diccionario Jurídico Inglés-español Aug 05 2021

This is a bilingual Spanish-English English-Spanish dictionary for individuals and companies involved in

international business and commerce, and for anyone who needs an understanding of legal issues across the Spanish-English linguistic and cultural divide. This dictionary provides a thorough coverage of terms and concepts in the areas of Business Law, Civil and Criminal Law, Constitutional Law, Contracts and Torts, Family Law, Labor Law, Liability, Probate, Property Law, and International Trade Agreements (esp. NAFTA and MERCOSUR [Brazil-Argentina-Uruguay] Trade Agreements). The unique feature of this dictionary is that it includes authoritative encyclopedic definitions that quote or restate judgements, torts and contracts, as well as Civil, Penal and Commercial codes from the US, Spain, Mexico, Chile, Argentina, and other Latin American countries. While other references just offer synonyms for legal terms, this dictionary enables the user to understand the legal system of the other culture(s). Useful back matter includes listings of key encyclopedic entries by subject matter, allowing users to focus on the areas of specific interest. Also included - simple documents, side-by-side

Mexico Otherwise Jun 03 2021 A diverse collection of observations on nineteenth- and twentieth-century Mexico by non-Mexican authors.

Forced Migration in the Spanish Pacific World Oct 19 2022 Nearly 4,000 Mexican troops and convicts landed in Manila Bay in the Philippines from 1765 to 1811. The majority were veterans and recruits; the

rest were victims of vagrancy campaigns. Eva Maria Mehl follows these forced exiles from recruiting centers, jails and streets in central Mexico to Spanish outposts in the Philippines, and traces relationships of power between the imperial authorities in Madrid and the colonial governments and populations of New Spain and the Philippines in the late Bourbon era. Ultimately, forced migration from Mexico City to Manila illustrates that the histories of the Spanish Philippines and colonial Mexico have embraced and shaped each other, that there existed a connectivity between imperial processes in the Pacific and the Atlantic Oceans, and that a perspective of the Spanish empire centered on the Atlantic cannot adequately reflect the historical importance of the richly textured transpacific world.

Bibliografía cronológica de la lingüística, la gramática y la lexicografía del español (BICRES V) May 02 2021 Since the publication of the still very valuable Biblioteca histórica de la filología by Cipriano Muñoz y Manzano, conde de la Viñaza (Madrid, 1893), our knowledge of the history of the study of the Spanish language has grown considerably, and most manuscript and secondary sources had never been tapped before Hans-Josef Niederehe of the University of Trier courageously undertook the task to bring together any available bibliographical information together with much more recent research findings, scattered in libraries,

journals and other places. The resulting *Bibliografía cronológica de la lingüística, la gramática y la lexicografía del español: Desde los principios hasta el año 1600 (BICRES)* began appearing in 1994. BICRES I covered the period from the early beginnings to 1600), followed by BICRES II (1601 – 1700), BICRES III (1701 – 1800), and together with Miguel Ángel Esparza Torres of Madrid there followed BICRES IV (1801 to 1860). Now, the fifth volume, has become available, covering the years from 1861 to 1899. Access to the bibliographical information of altogether 5,272 titles is facilitated by several detailed indexes, such as a short title index, a listing of printers, publishers and places of production, and an author index. More than twenty years of research in the major libraries of Spain and other European countries have gone into this unique work — relative sources of the Americas have also been covered — making it exhaustive source for any serious scholar of any possible aspect of the Spanish language.

Comparative Law for Spanish – English Speaking Lawyers Nov 27 2020 Comparative Law for Spanish – English Speaking Lawyers provides practitioners and students of law, in a variety of English- and Spanish- speaking countries, with the information and skills needed to successfully undertake competent comparative legal research and communicate with local counsel and clients in a

second language. Written with the purpose of helping lawyers develop the practical skills essential for success in today ' s increasingly international legal market, this book aims to arm its readers with the tools needed to translate unfamiliar legal terms and contextualize the legal concepts and practices used in foreign legal systems. Comparative Law for Spanish – English Speaking Lawyers / Derecho comparado para abogados anglo- e hispanoparlantes, escrita en inglés y español, persigue potenciar las habilidades lingüísticas y los conocimientos de derecho comparado de sus lectores. Con este propósito, términos y conceptos jurídicos esenciales son explicados al hilo del análisis riguroso y transversal de selectas jurisdicciones hispano- y angloparlantes. El libro pretende con ello que abogados, estudiantes de derecho y traductores puedan trabajar en una segunda lengua con solvencia y consciencia de las diferencias jurídicas y culturales que afectan a las relaciones con abogados y clientes extranjeros. La obra se complementa con ejercicios individuales y en grupo que permiten a los lectores reflexionar sobre estas divergencias.

Hijos del Pueblo Apr 13 2022 The everyday lives of indigenous and Spanish families in the countryside, a previously under-explored segment of Mexican cultural history, are now illuminated through the vivid narratives presented in *Hijos del Pueblo* ("offspring of the village"). Drawing on neglected civil and

criminal judicial records from the Toluca region, Deborah Kanter revives the voices of native women and men, their Spanish neighbors, muleteers, and hacienda peons to showcase their struggles in an era of crisis and uncertainty (1730-1850). Engaging and meaningful biographies of indigenous villagers, female and male, illustrate that no scholar can understand the history of Mexican communities without taking gender seriously. In legal interactions native plaintiffs and Spanish jurists confronted essential questions of identity and hegemony. At once an insightful consideration of individual experiences and sweeping paternalistic power constructs, *Hijos del Pueblo* contributes important new findings to the realm of gender studies and the evolution of Latin America.

Area Handbook for Mexico Jan 22 2023 Manual descriptivo de México.

Global Convict Labour Aug 25 2020 In *Global Convict Labour*, nineteen contributors offer a global and comparative history of convict labour across many of the regimes of punishment that have appeared from the Antiquity to the present.

Yearbook of International Humanitarian Law - 2003 May 22 2020 The world's only annual publication devoted to the study of the laws of armed conflict, the *Yearbook of International Humanitarian Law* provides a truly international forum for high-quality, peer-reviewed academic articles focusing on this highly topical branch of international law. The Yearbook also

includes a selection of documents from the reporting period, many of which are not accessible elsewhere, and a comprehensive bibliography of all recent publications in humanitarian law and other relevant fields. Ease of use of the Yearbook is guaranteed by the inclusion of a detailed index. Distinguished by its topicality and contemporary relevance, the Yearbook of International Humanitarian Law bridges the gap between theory and practice and serves as a useful reference tool for scholars, practitioners, military personnel, civil servants, diplomats, human rights workers and students./div

The International Law of Responsibility for Economic Crimes Jun 22 2020 Focusing on the problem of indigenous spoliation in developing countries, this work explores the controversial issue of spoliation by national officials of the wealth of the states of which they are custodians. Due to constraints of the state system and the lack of appropriate substantive municipal law, efforts to punish those responsible for the economic rape of entire nations and to recover spoliated funds have been frustrated and rendered insubstantial. Taking a multidisciplinary approach and on the basis of data generated from empirical, cross-national research, this study makes the case for indigenous spoliation as a violation of international law. Substantially revised and updated to take account of recent legal and political developments, the second edition will be a

valuable resource for academics, practitioners, NGOs, and policymakers.

[Criminal and Citizen in Modern Mexico](#) Jun 15 2022 *Criminal and Citizen in Modern Mexico* explores elite notions of crime and criminality from the late eighteenth to the early twentieth century. In Mexico these notions represented contested areas of the social terrain, places where generalized ideas about criminality transcended the individual criminal act to intersect with larger issues of class, race, gender, and sexuality. It was at this intersection that modern Mexican society bared its soul. Attitudes toward race amalgamation and indios, lower-class lifestyles and *lâ peros*, women and sexual deviance, all influenced perceptions of criminality and ultimately determined the fundamental issue of citizenship: who belonged and who did not. The liberal discourse of toleration and human rights, the positivist discourse of order and progress, the revolutionary discourse of social justice and integration sought in turn to disguise the exclusions of modern Mexican society behind a veil of criminality?to proscribe as criminal those activities that criminologists, penologists, and anthropologists

clearly linked to marginalized social groups. This book attempts to lift that veil and to gaze, like Jos é Guadalupe Posada, at the grinning calavera that it shields.

Wall to Wall: Law as Culture in Latin America and Spain Jul 04 2021 'Wall to Wall: Law as Culture in Latin America and Spain' comprises interventions from a wide array of scholars based in the US, Spain, and Latin America, exploring the encounter of Hispanophone cultures and the law. Its contributors delineate a fraught relationship of complicity, negotiation, and outright confrontation covering five centuries and a truly global landscape, from Inquisitorial processes at the onset of the Spanish Empire to last-ditch plans to preserve it in the 19th century Philippines, to the challenges to contemporary articulations of the nation-state in Catalonia. Beyond single, specialized time-period and national cultures, 'Wall to Wall' embraces and showcases the heterogeneity of the field, covering both well-known territory (Argentina, Mexico, Spain) and often-neglected cultures (Venezuela, Philippines, and indigenous communities in the Yucatan area), as well as problems that cannot be narrowed down to the nation-state (exile, independence processes, non-state laws, translation of foreign cultures). Contributors include: Aur é lie Vialette, Daniel Aguirre-Oteiza, Daniela Dorfman, Mar í a Fernanda Lander, Gloria Elizabeth Chac ó n, Iv á n Trujillo, Benjamin

Easton, Pauline de Tholozany, Lauren G.J. Reynolds, Ignasi Gozalo-Salellas, and Gabriela Balcarce. The chapters included foreground the conceptual diversity of the field, in dialogue with issues in literary and visual culture, (post-)colonialism, race, nationalism, gender, and class. Not only do they place vernacular objects in dialogue with current international concepts and methods, but these essays also aim to advance an autonomous conceptual and theoretical work-based approach. Its chapters aspire to enter a global discussion around the state-centered aspiration to shape culture and the many literary and cultural practices that escape it; researchers of those issues and Latin American and Iberian studies will find new venues to rethink their global archive.

Freud's Mexico Sep 18 2022 Freud's Mexican disciples, Mexican books, Mexican antiquities, and Mexican dreams.

Mexico and the Spanish Cortes, 1810 – 1822 Aug 17 2022 Few developments in the history of the Spanish colonial system in Mexico have been more carelessly treated or more often misinterpreted than the attempt to establish constitutional government in New Spain under the Spanish monarchy during the 1809 – 1814 and 1820 – 1822 periods. Yet the broad outlines of the Mexican constitutional system were laid then, largely through the insistent efforts of the Mexican deputies to the Cortes, the Spanish legislative body. Some of the delegates also grasped this opportunity to inform

their countrymen and train them in the effectiveness of parliamentary debate and resolution as a more intelligent road to democratic and representative government. The 70 Mexican deputies (of the 160 elected) who actively participated in the sessions of the Cortes either helped draw up the Constitution of 1812, which initiated provisions for many needed reforms relating to military, religious, economic, educational, judicial, and governmental affairs in Mexico, or contributed to the enabling acts consequent to these provisions. The prime reason for calling the Cortes, however, and especially for inviting the participation of the Mexicans, was to attempt to maintain New Spain ' s loyalty to the mother country, an unrealized objective in the long run, although much constructive discussion of this goal was offered by the Mexican delegates. These eight essays trace the establishment and implementation of the Mexican electoral system, both national and municipal, and of reforms in the economic, journalistic, religious, and military systems. They serve as an informative introduction to the revolutionary role the Cortes of Spain played in Mexican history and as a record of the contribution of Mexican delegates to the beginning of liberal reform in their country.

Solemn Covenant Oct 07 2021 In his famous Manifesto of 1890, Mormon church president Wilford Woodruff called for an end to the more than fifty-year

practice of polygamy. Fifteen years later, two men were dramatically expelled from the Quorum of Twelve Apostles for having taken post-Manifesto plural wives and encouraged the step by others. Evidence reveals, however, that hundreds of Mormons (including several apostles) were given approval to enter such relationships after they supposedly were banned. Why would Mormon leaders endanger agreements allowing Utah to become a state and risk their church's reputation by engaging in such activities--all the while denying the fact to the world? This book seeks to find the answer through a review of the Mormon polygamous experience from its beginnings. In the course of national debate over polygamy, Americans generally were unbending in their allegiance to monogamy. Solemn Covenant provides the most careful examination ever undertaken of Mormon theological, social, and biological defenses of "the principle." Although polygamy was never a way of life for the majority of Latter-day Saints in the nineteenth century, Carmon Hardy contends that plural marriage enjoyed a more important place in the Saints' restorationist vision than most historians have allowed. Many Mormons considered polygamy a prescription for health, an antidote for immorality, and a key to better government. Despite intense pressure from the nation to end the experiment, because of their belief in its importance and gifts, polygamy endured as an

approved arrangement among church members well into the twentieth century. Hardy demonstrates how Woodruff's Manifesto of 1890 evolved from a tactic to preserve polygamy into a revelation now used to prohibit it. Solemn Covenant examines the halting passage followed by the Church of Jesus Christ of Latter-day Saints as it transformed itself into one of America's most vigilant champions of the monogamous way.

Bilingual Dictionary of Criminal Justice Terms (English/Spanish) May 14 2022 A current, comprehensive collection defined in both English & Spanish. Reflects significant Penal Code offenses & Criminal Procedure terms. Also includes a Spanish-English index & flow charts of criminal justice procedure, indicating the steps from the commission of an offense & arrest to trial & disposition of a case, 11 penal offense charts of the major categories of penal offenses & the corresponding offenses within each category.

Fatal Love Dec 17 2019 One night in December 1800, in the distant mission outpost of San Antonio in northern Mexico, Eulalia Californio and her lover Primo plotted the murder of her abusive husband. While the victim was sleeping, Prio and his brother tied a rope around Juan Californio's neck. One of them sat on his body while the other pulled on the rope and the woman, grabbing her husband by the legs, pulled in the opposite direction. After Juan Californio suffocated, Eulalia ran to the mission and reported that her husband had choked while chewing tobacco. Suspicious, the mission priests reported the crime to the authorities in charge of the nearest presidio. For historians, spousal murders are significant for what they reveal about social and family history, in particular the hidden history of day-to-day gender relations, conflicts, crimes, and punishments. Fatal Love examines this phenomenon in the late colonial

Spanish Atlantic, focusing on incidents occurring in New Spain (colonial Mexico), New Granada (colonial Colombia), and Spain from the 1740s to the 1820s. In the more than 200 cases consulted, it considers not only the social features of the murders, but also the legal discourses and judicial practices guiding the historical treatment of spousal murders, helping us understand the historical intersection of domestic violence, private and state/church patriarchy, and the law.

Riot and Rebellion in Mexico Jan 30 2021 Many scholars assert that Mexico ' s complex racial hierarchy, inherited from Spanish colonialism, became obsolete by the turn of the nineteenth century as class-based distinctions became more prominent and a largely mestizo population emerged. But the residues of the colonial caste system did not simply dissolve after Mexico gained independence. Rather, Ana Sabau argues, ever-present fears of racial uprising among elites and authorities led to persistent governmental techniques and ideologies designed to separate and control people based on their perceived racial status, as well as to the implementation of projects for development in fringe areas of the country. Riot and Rebellion in Mexico traces this race-based narrative through three historical flashpoints: the Baj í o riots, the Haitian Revolution, and the Yucatan ' s caste war. Sabau shows how rebellions were treated as racially motivated events rather than

political acts and how the racialization of popular and indigenous sectors coincided with the construction of “whiteness” in Mexico. Drawing on diverse primary sources, Sabau demonstrates how the race war paradigm was mobilized in foreign and domestic affairs and reveals the foundations of a racial state and racially stratified society that persist today.

The Medieval Heritage of Mexico Oct 15 2019 This book examines the medieval legacy that influences life in Spanish-speaking North America to the present day. Focusing on the period from 1517—the expedition of Hernandez de Cordoba—to the middle of the seventeenth century, Weckmann describes how explorers, administrators, judges, and clergy introduced to the New World a culture that was essentially medieval. That the transplanted culture differentiated itself from that of Spain is due to the resistance of the indigenous cultures of Mexico.

Area Handbook for Mexico Dec 21 2022

The Civil Law in Spain and Spanish-America Nov 08 2021 Spain has an extraordinarily rich legal history, one that reflects Roman, Gothic, Arabic, Papal, Holy Roman and French influences, and was the first nation to produce a published commercial code. Walton provides a thorough account of Spanish civil law and its influence.
