A politico-socio-economic philosophy may be essential to pull this country from standstill and take it along the road of self-determination Describes how students are being exposed to a commercialized version of the Internet and includes information on how to develop noncommercial resources. In this story based on a true incident, a humpback whale tries to find its way home after mistakenly swimming into New York Harbor. Tracey Wright was doing well. Very well, actually. The life she was living as a single woman working in fabulous New York City was more than she ever could have dreamed. Owning a thriving business with her partner Jeff DeYoung, life couldn't be better. But life is cruel. It can change on a dime. She could never have envisioned that what started out as an ordinary sales call could turn out to be her worst nightmare. Things happen in an instant. And they are instants that you either can't change or wouldn't have dreamt of changing until it was too late. One thing is certain-you don't ever imagine them, they happen in a

flash, you definitely don't see them coming and they are often the result of One Wrong Turn. If you want your startup to succeed, you need to understand why startups fail. "Whether you're a first-time founder or looking to bring innovation into a corporate environment, *Why Startups Fail* is essential reading."—Eric Ries, founder and CEO, LTSE, and New York Times bestselling author of *The Lean Startup* and *The Startup Way* Why do startups fail? That question caught Harvard Business School professor Tom Eisenmann by surprise when he realized he couldn't answer it. So he launched a multiyear research project to find out. In *Why Startups Fail*, Eisenmann reveals his findings: six distinct patterns that account for the vast majority of startup failures. • **Bad Bedfellows.** Startup success is thought to rest largely on the founder's talents and instincts. But the wrong team, investors, or partners can sink a venture just as quickly. • **False Starts.** In following the oft-cited advice to "fail fast" and to "launch before you're ready," founders risk wasting time and capital on the wrong solutions. • **False Promises.** Success with early adopters can be misleading and give founders unwarranted confidence to expand. • **Speed Traps.** Despite the pressure to "get big fast," hypergrowth can spell disaster for even the most promising ventures. • **Help Wanted.** Rapidly scaling startups need lots of capital and talent, but they can make mistakes that leave them suddenly in short supply of both. • **Cascading Miracles.** Silicon Valley exhorts entrepreneurs to dream big. But the bigger the vision, the more things that can go wrong. Drawing on fascinating stories of ventures that failed to fulfill their early promise—from a home-furnishings retailer to a concierge dog-walking service, from a dating app to the inventor of a sophisticated social robot, from a fashion brand to a startup deploying a vast network of charging stations for electric vehicles—Eisenmann offers frameworks for detecting when a venture is vulnerable to these patterns, along with a wealth of strategies and tactics for avoiding them. A must-read for founders at any stage of their entrepreneurial journey, *Why Startups Fail* is not merely a guide to preventing failure but also a roadmap charting the path to startup success.

After learning that he'd been the target of the most elaborate infiltration scheme by Russian intelligence since the Cold War, American covert operative and assassin, Chase Fulton, vows to coax the mastermind of the complex scheme out of the Kremlin and into the open, where he'll exact his revenge. An unexpected encounter with a mysterious figure who claims to have known Chase's father opens doors into a world Chase isn't prepared to enter. From the high seas of the North Atlantic to the Shenandoah Valley outside Washington D.C., Chase must face the demons of his emotions, as well as the forces of evil determined to destroy him, as he resolves to become more focused, deadlier, and stronger than ever.

If you're out late at night and you see her face, it's already too late. Lost on a rural English road, Penny and her husband are involved in a sudden, violent car crash. Waking up tied to a metal table in a remote farmhouse, Penny quickly discovers that she's the latest victim of a strange, deadly family. But Penny is different to all the family's other victims, because she just happens to be eight-and-a-half months pregnant... Fighting not only for her own life, but also for the life of her unborn child, Penny desperately tries to escape. When she comes face to face with the mysterious Enda, however, she quickly learns that getting away from the farmhouse might not be enough. Soon, Penny finds herself locked in a desperate struggle to keep her baby from becoming not just a victim of the farm, but one of its new occupants. *Last Wrong Turn* is the story of a woman who desperately tries to save her child from a horrific fate. Contains adult language and scenes of violence. It is 1997 in San Francisco and Simon and Sarah have been sent on a quest to see America: they must stand at least once in every 25-foot square of the country. Decades later, in an Australian city that has fallen on hard times, Caddy is camped by the Maribyrnong River, living on small change from odd jobs, ersatz vodka and memories. She's sick of being hot, dirty, broke and alone. Caddy's future changes shape when her friend, Ray, stumbles across some well-worn maps, including one of San Francisco, and their lives connect with those of teenagers Simon and Sarah in ways that are unexpected and profound. A meditation on happiness – where and in what place and with who we can find our centre, a perceptive vision of where our world is headed, and a testament to the power of memory and imagination, this is the best of novels: both highly original and eminently readable. Original traditional structured poetry, simple, yet beautiful and enlightening. "Poetry anyone who has ever lived can relate to, understand and enjoy." Some of the thought provoking poetry selections for this book include love, life, loss, light, meditation, birth, death and the human struggles of spirit and soul. Profound political statements on government and border patrol, as well as personal opinions and convictions on climate change, racism and global awareness. I struggled with the title "A Wrong Turn" Anyone can make a wrong turn in life and end up lost or worse, even me. This book contains dark personal secrets I (the author) Sandy Purdy swore to take to my grave. A wrong turn on holiday that went horribly wrong and I was worse then lost and I will forever be scarred. In this "fast-paced mystery" from an Edgar Award finalist, detective Lucinda Pierce must confront the possibility that she put the wrong person in prison (Booklist). Homicide investigator Lucinda Pierce's confidence in her own judgment is deeply shaken when she learns that a woman she helped to put away for the murder of her stepdaughter may not be guilty. The girl's remains have been found—along with four other bodies—in the basement of a serial killer. At the same time Lucinda hears that US Representative Chris Phillips, in prison for killing his third wife, is out on bond, awaiting a new trial, and terrorizing his previous ex-wife. He too was originally convicted based on Lucinda's evidence. Then her young friend, middle-schooler Charley Spencer, is arrested on suspicion of vandalism. Now Lucinda has her hands full, trying to prove Charley's innocence while also dealing with the repercussions of the reopened cases. "Multiple cases, interesting details of police work, and well-

drawn characters, especially the complex, principled Lucinda, drive this fast-paced mystery that will appeal to readers who enjoy strong women protagonists.” —Booklist After a long, hard year filled with stress and heartache, Jessie Rohen decides to take a vacation to visit his friend and get away from real life for a little while, hoping it will help him heal. On the way, he has an accident and is injured. He wakes up with no memories of his past, not even of his name. Xander Dane is a wolf shifter and Second of his pack. He saves Jessie's life, only to realize Jess is his mate. Xander has been in the closet his whole life. Coming out may be harder than ever because not only does he have to tell everyone he's gay and risk exile, but he has to tell his mate he's part wolf. Since Jessie can't remember who he is, Xander has to take a chance on a man who may have a life waiting for him somewhere else - a life that doesn't include Xander. There is a foundational crisis in financial theory and professional investment practice: There is little, if any, credible evidence that active investment strategies and traditional institutional quantitative technologies are able to provide superior risk-adjusted, cost-adjusted return over investment relevant horizons. Economic and financial theory has been in error for more than fifty years and is the fundamental cause of the persistent ineffectiveness of professional asset management. Contemporary sociological and economic theory, agent-based modeling, and an appreciation of the social context for preference theory provides a rational and intuitive framework for understanding financial markets and economic behavior. The author narrates his long-term experience in the use and limitations of traditional tools of quantitative asset management as an institutional asset manager in practice and as a quantitative analyst and strategist on Wall Street. Monte Carlo simulation methods, modern statistical tools, and U.S. patented innovations are introduced to redefine portfolio optimality and procedures for enhanced professional asset management. A new social context for expected utility theory leads to a novel understanding of modern equity markets as a financial intermediary for purchasing power constant time-shift investing uniquely appropriate for meeting investor long-term investment objectives. This book addresses the limitations and indicated resolutions for more useful financial theory and more reliable asset management technology. In the process, it traces the major historical developments of theory and institutional asset management practice and their limitations over the course of the 20th century to the present, including Markowitz and the birth of modern finance, CAPM theory and emergence of institutional quantitative asset management, CAPM and VM theory limitations and ineffective iconic tools and strategies, and innovations in statistical methodologies and financial market theory. All roads lead to the truth... When Megan Cooper is rescued from a terrifying car accident, she can't believe how lucky she has been. Now though, she is desperate to track down the stranger who saved her life. DCI Tony Morgan thought he had escaped his old career, but when he receives a call from his ex-boss to tell him that there's been a hit and run in the area, leaving a young woman trapped in a burning car and left to die, he knows that he must return and help to investigate. Meanwhile, Megan sets out to track down the man who pulled her from the car that night, and in doing so, develops a strange infatuation for him. As secrets are revealed, and the truth starts to emerge, it soon becomes clear that Megan is still in danger, and the life-saving hero may not be everything that she wants him to be. A twisty, psychological drama combining crime, mystery and romance. When we get in the car, we have a destination in mind. We are determined to get where we need to go and at times, we are determined to get there pronto. After we get in the car, we put on our seatbelts and set the GPS to our destination. The GPS will take us through red lights, stop signs and it will even inform us when there is horrible traffic ahead. When we come to a crossroad, the GPS informs us to either go straight, turn left, or turn right. It's up to us to make the decision because surely the GPS cannot direct the car. This is a story of a young man who decided not to listen to the GPS of his own reason and took the wrong turn. Instead of choosing redemption, success, and perseverance, he chose restricted time, isolation, and defeat. This uplifting true story will teach us how to push and persevere through hard times. Chelsea Cooper thinks her best friend's fiancé is the world's biggest jerk. She's never really been one to make waves, but when it comes to that guy, Chelsea's willing to make an exception. There's just no way she can let her best friend make the biggest mistake of her life by marrying him. She'll do anything to stop the wedding, even if it means teaming up with the one person who's an even bigger jerk—the groom-to-be's best friend. Drew Russo thinks his best friend's fiancée's best friend is the prickliest woman alive. Everything about Chelsea aggravates him. She's too structured, too uptight, and too opinionated—especially when it comes to her thoughts on his best friend. When he's tasked with keeping her away from their best friends' secret wedding, Drew knows he's in for one hell of a challenge. Never mind the days he'll have to spend trapped in a car with the world's most annoying woman. The plan is simple enough—keep Chelsea from interfering with the wedding. But between distractions, delays and detours, they discover they aren't the enemies they thought they were. And sometimes a wrong turn can lead you in the right direction. Warning—This sweet, sexy, and laugh out loud funny romance is filled with all the most ridiculous road trip stories you can imagine and will make you realize sometimes being wrong can be a lot more fun than being right. Is it possible to travel all the way around the world using nothing but a bicycle on land and boats on water? When Chris Pountney pedals away from the Eiffel Tower he is doing more than just going for a bike ride. It is the start of an ambitious attempt to circumnavigate the planet using only his bicycle and boats. With a list of seven challenges to guide him (but no map), he heads east towards Asia and Australia. The Sydney Opera House is his goal. The story follows Chris as he tackles snowy mountain passes in Turkey, wades across rivers in Tajikistan, eats strange cheeses in Mongolia, and meets with incredible kindness just about everywhere he goes. He lives a simple life on a small budget, sleeps in a tent, talks to his bike, consumes a really unbelievable number of biscuits, and all the time stubbornly refuses to have anything whatsoever to do with motor vehicles (or escalators). But can he overcome all of the visa deadlines, the breakdowns, the awful roads, the headwinds, the kangaroos, and the frequent danger of being distracted by members of the opposite sex, to successfully pedal all of the way to Sydney? Explore in a TRUE story of the many ups and downs and painful consequences that one man felt while trying to find "True Love". His decisions and choices at times during these relationships were not always the "right ones". Balancing at times more than one relationship at a time, he knew in his heart that if he made "ONE" mistake he could lose the very thing he craved from all of them, their "Love". Read and try to understand what makes a "GOOD" man do bad things. Prepare to Get Lost on the Beaten Path... When Doug Mack picked up a 1963 edition of Europe on Five Dollars a Day, he stumbled on an inspired idea: to boldly go where millions have gone before, relying only on the advice of a travel guide that's nearly a half century out-of-date. Add to the mix his mother's much- documented grand tour through Europe in the late 1960s, and the result is a funny and fascinating journey into a new (old) world, and a disarming look at the ways the classic tourist experience has changed- and has not-in the last generation. After a whirlwind adventure spanning eight countries-and costing way more than five dollars a day-Mack's endearing account is part time travel, part paean to Arthur Frommer's much-loved guide, and a celebration of the modern traveler's grand (and not-so-grand) tour. Based on the gritty life story of the author. Follow 8 as he takes you on a roller coaster ride in the raw streets of Boston and the

entertainment industry. With the Source Magazine backing a bunch of goons it's only time before violence starts spilling over. Must read with over 15 celebrity stories. Chelsea Cooper wants to prevent her best friend from making the biggest mistake of her life, while Drew Russo--the groom's best friend--must keep Chelsea from interfering with the wedding. Using the Bible (especially the Gospels) as a source of consolation for the believed potential devastation that would result in the Wrath of God once seen imminent through Global Warming, one is led through by the author to view positive signs of God's mercy and a new City of God that the Bible promises in Revelations. The dolphins trapped in our rivers were our delight as we witnessed the twists and turns brought upon life through our eco-systems and society. Also a film-maker, Risoli-Black details this additional dialog in the novel with anecdotes and criticisms of films of the fifties, sixties and seventies when one had choices of decent role models with ideal standards, not idols that led away from God. **WRONG TURN: The Fifth Season of Love** is a novel of true events where the townsfolk are the heavies that recall plots like Peyton Place and Town Without Pity. Also includes the novella, "The Song of the Bow" about the love between Jonathan and David, a love greater than the love of women. A Wall Street Journal bestseller. John Dempsey, former Navy SEAL and Tier One operator, is back. Only a few months into his new life as an operative for Ember, the United States' most covert counterterrorism entity, he must stop an old nemesis who's resurfaced after ten years of operating in the shadows. From the deserts of Iraq, through the jungles of Guatemala, to the streets of suburbia, Dempsey and his Ember team race against time to stop a series of horrific and devious attacks against the homeland. In this second installment of the Tier One series, John Dempsey faces his greatest challenge as he continues to evolve from a decorated Navy SEAL into the country's most lethal protector. As an American educator with decades of experience, Dr. Deborah J. Rhea had a burning desire to know why Finland's educational system was top ranked in the world, while the United States fell in the middle of the pack. She made it her mission to learn what she could. Rhea took a six-week trip to Finland, where she lived and learned from the best in their schools and government. During that period, her observations revealed that her generation experienced life and education very differently from children today. The philosophies and principles she saw reflected in the Finnish educational system helped open her eyes to the many wrong turns that the United States has made in education over the last thirty years. What's more, Rhea presents the right moves needed to get the country back on track for a healthier, happier method of educating children. In this study, an experienced educator compares the educational approaches of Finland and the United States, considering ways that the latter might be adjusted and improved. Tragedy brought him home, but love made him stay. When his estranged wife, Jess, has a terrible accident leaving her lying in a coma, Clay Connors returns to his family to care for his two daughters. He has been separated from his family for nearly two years and his eldest daughter, Maddie, is resentful over his being absent. Sadly, his youngest daughter, Jilly, barely remembers him. Clay's reasons for staying away now seem self-serving in the light of their family's tragedy. The past washes over Clay as the memories of what led up to their separation envelope him and his future hangs in the balance over whether or not his wife will wake up. Can they be a family again, or is he too late? **One Wrong Turn** is a story of time lost and redemption as Clay and his daughters struggle to reconnect and learn to trust again in the wake of a tragedy. (This is a re-release of the book by the same title: **One Wrong Turn**) Shoko, a man from a poor family in Francistown, Botswana, attends the University of Gaborone, but seduced, by drug taking, fails his exams, commits an assault, is suspended and embarks on a crime spree in murder, mental institutions and alcohol abuse. Shoko is forced to return home to his mother, a stern believer in witchcraft and traditional medicine, struggling with her other children threatening to go the same way as Shoko. Will the family survive.... From USA Today Bestselling Author, Bronwen Evans, comes her latest sexy contemporary romance! A forbidden romance with her ex's elder brother set in **Bad Boy Autos**. Think **Fast and Furious** but nothing illegal! Lexie (Lex) Walker owes her boss, Tom Lorde everything. When her loser husband ran off with her money, she needed to find a job and quickly. Tom took her in and hired **Bad Boy Autos** first female mechanic. So she can hardly say no when he asks her to work on Kade Colter's car, even when every nerve-ending in her body screams to run. Falling for one Colter was stupid. Falling for his older brother would be a whole lot of dangerous and stupid in the extreme. She refuses to be like her mother and make mistake after mistake, falling for the wrong type of men. Kade Colter always goes after what he wants. Only once in his life did he back off, when his younger brother brought home his fiancée, Lexie Walker. Now Jason's gone and there's nothing stopping Kade going after what he's desired all these years. He calls in a favor and soon he's got Lexie working under his hood. He'll take his time, treat her like a princess, and show her he's nothing like Jason. However, slow and careful turns to heat and lust the minute she gets close. He needs to ease off the pedal so to speak, if he's to convince Lexie she married the wrong brother. 1944, Kohima — a small, sleepy town in northeast India. Subhash Chandra Bose and his Indian National Army (INA) along with the Japanese, are on the brink of bringing the Empire to its knees and forcing the British out of India. But, inexplicably, the tables turn. The INA's advance is thwarted and the victory march to Delhi is halted. Seventy years later, the British admit that the Battle of Kohima was the greatest battle they had ever fought. Even more so than the battles of Waterloo and Dunkirk. Was it then that old Indian curse — betrayal? Someone from within Netaji's own ranks? Were there forces other than the British, waiting in the shadows closer to home, who stood to gain even more from the INA's defeat? Or was it just love that irrevocably altered the course of India's destiny? **The Wrong Turn: Love and Betrayal in the Time of Netaji**, is a sweeping tale of passion set against the freedom struggle. Debraj, the rakish playboy and scion of a distinguished Calcutta family, and Nishonko, the fiery revolutionary sworn to the cause of the INA, must not only fight their common enemy, but also for the love of Aditi, the rebel with the healing touch. A haunting tale of love, friendship and betrayal of an entire nation, **The Wrong Turn** veers inexorably towards a poignant redemption. Set in the turbulent days of the Indian Independence struggle against the British Raj, **The Wrong Turn** recreates the life in the colonial days, its limitations and prejudices and the communal strife between the Hindus and the Muslims who lived as two separate societies living side by side with each other but with little or no interaction between the two. As a young girl, Chandrakala was pampered by her father. She was admired for her charm and beauty. After her marriage she could not cope with her husband's modest means and she moved back to her father's house contrary to traditions. Chandrakala struggled against all odds with the help of her secret admirer and lover, Ajit, who stood by her in her fight for survival in a callous world as she loses her husband and sons and is left out cold and alone with little to hold on to. The world around her is moving fast and forward, but she seemed to be struck in her own predicament. Pawan Jain takes us to the past century and reminds us of the struggle against the paramount power armed with just Ahimsa and non-violence. **The Wrong Turn** has a lot to offer for both the Indian and Non-Indian readers, in understanding India of the past and the present. He has expounded the communal relationships without regard to the political correctness when he questions the partition of India along the religious and communal lines. How the assassination in Sarajevo started the First World War. All the parking has been checked for the day. It's time for Pam to

head home. But when something goes wrong, will Pam be stuck on the freeway or will she get help getting back on the right road home? NEW YORK TIMES BESTSELLING AUTHOR! In true Pearls Before Swine tradition, this treasury is full of Stephan Pastis's cynical humor, sharp wit, and clever commentary. Always together—and sometimes with their fellow funny-page characters—the regular Pearls clan weighs in on everything from modern technology to current events to human nature. All the members of the skewed gang are here as Zebra engages in a never-ending war of neighborly hate with the Crocs. As always, Goat offers a voice of reason amid the ongoing chaos that Pastis creates, either from behind the pen or as a character within the strip itself. Includes all cartoons from the collections I Scream, You Scream, We All Scream Because Puns Suck and Floundering Fathers. Steve Hutchison reviews 60 of his favorite mutant movies. Each article includes a synopsis, a review, and a rating. The movies are ranked. How many have you seen? The unforgettable true story of one man's escape from the school-to-prison pipeline, how he reinvented himself as a pastor and education reform advocate, and what his journey can teach us about turning the collateral damage in the lives of our youth into hope. "A heart-wrenching and triumphant story that will change lives."—Bishop T. D. Jakes Michael Phillips would never become anything. At least, that's what he was told. It seemed like everyone was waiting for him to just fall through the cracks. After losing his father, suffering a life-altering car accident, and losing his college scholarship, Michael turned to selling drugs to make ends meet. But when his house was raided, he was arrested and thrown into a living nightmare. When it looked like he would be sentenced to spend years behind bars, the judge gave him a choice—go to a special college program for adjudicated youth or face the possibility of a thirty-year prison sentence. It wasn't hard to pick. From that choice, a mission was born—to help change the system that shuffles so many young Black men like Michael straight from school to prison. Today, Michael is the pastor of a thriving church, a local leader in Baltimore, and a member of the Maryland State Board of Education. He discovered that education was the path to becoming who he was created to be. Armed with research, statistics, and his powerful story, Michael tackles the embedded privilege of the education system and introduces ideas for change that could level the playing field and reduce negative impacts on vulnerable youth. He explores ways in which the readers can help advocate and provide resources for students, and points us to the one thing anyone can start doing, no matter who we are or what our role is: speak into young kids' lives. Tell them of their inherent worth and purpose. In this inspiring, thought-provoking, and energizing call to action, Michael's practical steps provide a way forward to anyone wanting to help create space for collateral hope in the lives of for young people around them. This book is a story about the good, the bad and the ugly experiences in the life of a special needs young man in a dysfunctional family on steroids. Aaron's Story tells you about the trials and tribulations as well as the hidden secrets no one else wants to talk about... "Immersive, captivating, thoughtful, evocative and deeply personal piece." A searing indictment of US strategy in Afghanistan from a distinguished military leader and West Point military historian—"A remarkable book" (National Review). In 2008, Col. Gian Gentile exposed a growing rift among military intellectuals with an article titled "Misreading the Surge Threatens U.S. Army's Conventional Capabilities," that appeared in World Politics Review. While the years of US strategy in Afghanistan had been dominated by the doctrine of counterinsurgency (COIN), Gentile and a small group of dissident officers and defense analysts began to question the necessity and efficacy of COIN—essentially armed nation-building—in achieving the United States' limited core policy objective in Afghanistan: the destruction of Al Qaeda. Drawing both on the author's experiences as a combat battalion commander in the Iraq War and his research into the application of counterinsurgency in a variety of historical contexts, Wrong Turn is a brilliant summation of Gentile's views of the failures of COIN, as well as a trenchant reevaluation of US operations in Afghanistan. "Gentile is convinced that Obama's 'surge' in Afghanistan can't work. . . . And, if Afghanistan doesn't turn around soon, the Democrats . . . who have come to embrace the Petraeus-Nagl view of modern warfare . . . may find themselves wondering whether it's time to go back to the drawing board." —The New Republic
