Paper Lectures on the Diagnosis of Diseases of the Brain The Publishers' Circular and General Record of British and Foreign Literature

Correlates the observations of Hughlings Jackson, Paul Emil Flechsig, Eduard Hitzig, and David Ferrier (cf. Cardiac classics, p. 604). This book constitutes the refereed proceedings of the 16th European Symposium on Programming, ESOP 2007, held in Braga, Portugal in March/April 2007. It covers models and languages for Web services, verification, term rewriting, language based security, logics and correctness proofs, static analysis and abstract interpretation, semantic theories for object oriented languages, process algebraic techniques, applicative programming, and types for systems properties.
