Teaching Young Children Mathematics Nov 03 2020 Teaching Young Children Mathematics provides a comprehensive overview of mathematics instruction in the early childhood classroom. Taking into account family differences, language barriers, and the presence of special needs students in many classrooms throughout the U.S., this textbook situates best practices for mathematics instruction within the larger frameworks of federal and state standards as well as contemporary understandings of child development. Key topics covered include: developmental information of conceptual understanding in mathematics from birth through 3rd grade, use of national and state standards in math, including the new Common Core State Standards, information for adapting ideas to meet special needs and English Language Learners, literacy connections in each chapter, 'real-world' connections to the content, and information for family connections to the content.

More Or Less Jan 30 2023 Comparing whole numbers and

understanding what's more and what's less are a big part of Eddie's strategy in guessing people's ages at the school fair. Full color.

Tally O'Malley Nov 15 2021 The O'Malleys are off to the beach! But it's a long, hot, boring drive. What can Eric, Bridget, and Nell do to keep busy? Play tally games, of course -- counting up all the gray cars or green T-shirts they see. Whoever has the most marks at the end wins the game. Eric wins the first game. Bridget wins the second. It seems like poor Nell will never win a game! But Nell has the luck of the Irish on her side, and a surprise in store for her big brother and sister.

Dinosaur Deals May 10 2021 Lets Make a Deal! Mike and his little brother, Andy, are headed for the Dinosaur Card Trading Fair. They're ready to wheel and deal. It's, 4 Stegosaurus for 1 Triceratops, and 2 Triceratops for 1 Allosaurus. But can they get what they really want: the tremendous, gigantic, ferocious, Tyrannosaurus rex? The math concept of equivalency -- understanding when values are equal -- is introduced in this fast-paced story as two brothers try to beat the clock and make the ultimate trade.

Tally O'Malley Feb 16 2022 As the O'Malley children play games on a car trip to the beach, the reader is introduced to counting through tallying.

Eggs and Legs Jul 12 2021 Teaches young children to count by twos using hens and eggs as examples.

Room for Ripley Dec 17 2021 Carlos pours cups, pints and quarts of water into his fish bowl, getting ready for his new puppy, Ripley. Readers can learn about capacity as they see just how much water it takes to make room for Ripley!

The Best Vacation Ever Jun 10 2021 This busy family needs a vacation, but they don't know where to go. Mom and Dad want peace and quiet. Grandma wants to go somewhere hot. Fluffer wants to go somewhere that pets can go, too! The pig-tailed narrator gathers all this data and makes a chart to help determine the perfect vacation destination. Learning math is fun when a vacation is the answer!

Less Than Zero Apr 20 2022 Perry the Penguin needs 9 clams to buy an ice scooter -- but he's not very good at saving. As Perry earns, spends, finds, loses, and borrows clams, a simple line graph demonstrates the concept of negative numbers.

Toasty Toes Mar 27 2020 Learn to count by tens in this fun beach story.

Tiger Math Aug 25 2022 Learn to graph while following the growth of T.J., an orphaned Siberian tiger cub who is hand-raised at the Denver Zoo. T.J. is a Siberian tiger cub born at the Denver Zoo. One day he stops eating. The zoo staff tries to tempt him with treats, but he refuses them all. The staff doesn't give up, and finally their love and persistence pay off. T.J. grows up to be a huge, healthy tiger. The delightful pictures of T.J. and the heartwarming story of his life will charm young readers as they learn the basic math skills of graphing in *Tiger Math* by Ann Whitehead Nagda and Cindy Bickel. Those who like storybooks can read just the right-hand pages of this book. But those who want to know more can use the graphs on the left-hand pages to see exactly how T.J. grew.

Let's Fly a Kite Feb 25 2020 *Let's Fly a Kite* When Bob and Hannah split something, the two pieces had better be symmetrical--exactly the same. BUt to fly their kite, they'll have to learn something new--cooperation!

Bigger, Better, Best! May 29 2020 *Bigger, Better, Best!* (LEVEL 2: Area) In their family?s new house, Jenny and Jeff are driving their little sister, Jill, crazy. Who has the bigger window? Who has the bigger bedroom? Jenny and Jeff must use a simple geometry concept to calculate area in order to prove once and for all whose room is bigger. Ages 6+

Polly's Pen Pal Oct 15 2021 Polly's pen pal, Ally, is 125 centimeters tall, weighs 25 kilograms, and lives 450 kilometers away -- and Polly is determined to find a way to visit her! A story of long-distance friendship introduces basic metric measurements to children.

Coyotes All Around Dec 29 2022 Clever Coyote thinks it's time for lunch — and also time to show her friends how, with some simple rounding, she can add up numbers in her head. If only she were as good at hunting as she is at math!

Lemonade for Sale Nov 27 2022 Four kids and their sidekick, Petey the parrot, run a sometimes thriving lemonade stand whose patrons include all kinds of wacky neighbors—even a juggler. They create a bar graph to track the rise and fall of their lemonade sales. Illustrator Tricia Tusa has imbued the story with her delightful sense of humor

and has made understanding bar graphs a breeze.

Animals on Board Dec 05 2020 Ride along with trucker Jill and her dog as they add up the animals zooming by. But these are no ordinary animals, and they're bound for a surprise destination! Ride along with trucker Jill and her dog as they add up the animals passing by on other trucks. But these are no ordinary animals, and they're bound for a surprise destination! Lively illustrations by R.W. Alley make adding truckloads of fun.

Divide and Ride Jan 18 2022 Scream down the Dare-Devil Coaster and whirl around in the Twin Spin cars! Join in the carnival fun as 11 friends divide up to fit on the 2-to-a-seat roller coaster and the 4-to-a-cup teacups ride. Making new friends and practicing predivision skills have never been so exciting!

Shark Swimathon Jun 30 2020 Shark Swimathon The Ocean City Sharks have to swim 75 laps by the end of the week, and every day they figure out how many laps are left to go. Swimming and subtraction are all part of the fun!

100 Days of Cool Aug 13 2021 Mrs. Lopez wants her class to celebrate 100 days of school. But Yoshi, Scott, Nathan, and Maggie didn't hear her right. They thought she said 100 days of cool! Now Mrs. Lopez says that if the four kids can be cool for 100 days in a row, the whole class can have the coolest party ever. Can they come up with 100 ideas? Cool socks . . . cool jokes . . . cool costumes . . . cool hats . . . cool volunteer projects . . . and all the other cool things that can be done with the numbers 1-100 make this the coolest math book around.

Mighty Maddie Sep 01 2020 Maddie's room is a mess. Maddie's toys are everywhere. And Maddie has to clean them up before her birthday party starts. This looks like a job for ... MIGHTY MADDIE! Faster than a speeding bullet, more powerful than a vacuum cleaner, Mighty Maddie, the room-cleaning superhero, gives readers a playful lesson about the difference between light and heavy.

Treasure Map Apr 28 2020 Matthew has found a treasure map, and soon the Elm Street Kids' Club is off on a quest. The map guides them into a wonderful, magical world, but it's the real-life math skills of understanding distance, scale, direction, and symbols that will help Matthew, Sheri, Meg, Danny, and Jed -- with some assistance from

Petey the parrot -- find a treasure hidden fifty years ago.

MathStart Jan 24 2020

Fractions in Disguise Oct 03 2020 Crack the case with George Cornelius Factor in this entertaining math adventure that introduces simplified and reduced fractions with equal parts intrigue and humor. When a valuable fraction goes missing, George Cornelius Factor (a.k.a. GCF) vows to track it down. Knowing that the villainous Dr. Brok likes to disguise his ill-gotten fractions, GCF invents a Reducer—half ray gun, half calculator—that strips away the disguise, reducing the fraction to its lowest common denominator and revealing its true form. With the Reducer in hand, George seeks out Dr. Brok in hopes of retrieving the missing fraction. Back matter includes more detail on simplifying, or reducing, fractions.

A Fair Bear Share Oct 27 2022 Blue Ribbon Blueberry Pie. If the bear cubs gather enough nuts, seeds and blueberries, Mama Bear has agreed to make her special, lip-smacking-good pie. Each time they fill their baskets, the cubs count berries, seeds and nuts by putting them in groups of tens and ones to see if they have enough for pie. Everyday activities such as sharing a meal, sorting socks and getting ready for school can be part of learning math. In the MathStart Series, everyday life is the basis for each entertaining story. Simple math concepts are embedded in each story so that young children can intuitively understand them. Adults can use the creative suggestions for activities in the back of each book to extend learning opportunities with children. Developmentally appropriate and correlated to school grade levels and the curriculum standards of the National Council of Teachers of Mathematics, MathStart can give children a head start! Blue Ribbon Blueberry Pie is the best—but do these bear cubs have enough ingredients to bake one? Regrouping their berries, nuts, and seeds by tens and ones reveals that one cub has not done her fair bear share. John Speirs's irresistible bear cubs make this lesson in regrouping one children will enjoy. Blue Ribbon Blueberry Pie is the best—but do these bear cubs have enough ingredients to bake one? Regrouping their berries, nuts, and seeds by tens and ones reveals that one cub has not done her fair bear share. John Speirs's irresistible bear cubs make this lesson in regrouping one children will enjoy.

Cinder Edna Nov 23 2019 The famous Cinderella and her neighbor Cinder Edna each worked sunup to sundown for their wicked stepmother and stepsisters. But while Cinderella had the good fortune to be rescued by her fairy godmother, Edna was strong, self-reliant, spunky--and she lived happier ever after! "Nicely executed....This Cinderella send-up is full of kid-pleasing jokes."--Publisher's Weekly.
Too Many Kangaroo Things to Do! Sep 25 2022 It's Kangaroo's birthday, but no one will play with him: not the emu, the platypuses, the koalas, or even the dingos. They all have too many things to do. What exactly are they doing? They're using multiplication to figure out just how many things they have to do to plan a big surprise for Kangaroo!
Best Children's Science Books 1997 (Science Books and Films)

Once Upon a Dime Jan 06 2021 For organic farmer Truman Worth, money does grow on trees. Readers calculate the changing value of his crop.

Beep Beep, Vroom Vroom! Sep 13 2021 The yellow cars beep! The red cars vroom! As Molly plays with her big brother's toy cars, readers will see and recognize patterns, an essential first step in learning to reason from the specific to the general. But can Molly put the cars back in the right order before her brother returns?

Spunky Monkeys on Parade Mar 20 2022 Monkeys ride in 2s, tumble by 3s, and march in 4s -- and readers can count them up as the parade goes by!

Rodeo Time May 22 2022 Yee-hah! It's rodeo time! Bareback bronc riding, barrel racing, calf roping, the livestock show, the fiddling contest, and don't forget lunch — how are Katie and Cameron going to fit it all in and still have time to help their uncle, Cactus Joe, with chores? By making a schedule, of course. But making a schedule and sticking to it turn out to be two very different things!

Give Me Half! Apr 08 2021 Splitting things in half may seem like an easy thing to do, but when two siblings and a pizza are involved, things can get messy. Children learn about fractions at school but fractions are also an important part of everyday life outside the classroom. In this riotous book, Stuart J. Murphy and G. Brian Karas introduce the simplest of fractions, $\frac{1}{2}$.

Tally Cat Keeps Track Jul 24 2022 Tally McNally is an alley cat who

loves to tally! He keeps track of all sorts of contests—who wins the most races, who is the tallest, who can climb the most trees, and more. When the results are counted up, Tally is always the winner. One rainy day, Tally competes to become the “wettest cat.” But he goes too far and gets into a jam. Will his friends—who lose to him tally after tally—find a way to save him?

Greg's Microscope Aug 01 2020 Greg makes fascinating discoveries about things he finds at home when he looks at them through his new microscope. ‘An accurate and entertaining book for beginning independent readers.’ 'BL.

Even Steven and Odd Todd Oct 22 2019 Hello Reader! Math Level 3.

Tally O'Malley Feb 28 2023 The O'Malleys are off to the beach! But it's a long, hot, boring drive. What can Eric, Bridget, and Nell do to keep busy? Play tally games, of course -- counting up all the gray cars or green T-shirts they see. Whoever has the most marks at the end wins the game. Eric wins the first game. Bridget wins the second. It seems like poor Nell will never win a game! But Nell has the luck of the Irish on her side, and a surprise in store for her big brother and sister.

Earth Day--Hooray! Jun 22 2022 Earth Day is on the way, and Ryan, Luke, and Carly have a plan. If they manage to collect and recycle 5,000 aluminum cans, they can make enough money to buy some beautiful flowers for nearby Gilroy Park. CAN they do it? Counting the cans gives Ryan, Luke, and Carly -- along with readers -- a lesson in place value. And facts about recycling throughout the story will help readers understand how important it is to take care of the earth.

Every Buddy Counts Dec 25 2019 You can start with one little hamster and keep counting past six slinky fish, eight favorite playmates, and more -- all the way up to ten cuddly teddy bears. With buddies, counting is fun!

The Case of the Missing Moola Mar 08 2021 Crack a case with Club CSI: in this new middle-grade series about forensic science! Calling all kid crime-solvers: Forensic science isn't just for grown-ups anymore! Thanks to the popularity of shows like CSI: Crime Scene Investigation, forensic science has made its way into the classroom. This new middle-grade series stars a group of students whose forensic science class inspires them to form a “Club CSI:” to investigate crimes and

capers at school. As Club CSI: collects clues, readers will love trying to put the pieces together to find out what really happened in this series that is part mystery, part detective story, and just plain fun! In Club CSI: Untitled #2, Ben, Corey, and Hannah will have to use all they've learned about forensic science—plus good old-fashioned detective work and a little bit of luck—to solve their next case! Inspired by the CSI franchise, Club CSI: is “required reading” for young scientists-in-training, or for anyone who loves a good mystery!

Probably Pistachio Feb 04 2021 Nothing goes right for Jack all day long. He can't find his favorite sneakers, he spills milk on his math homework, and worst of all, he gets tuna fish for lunch. Will things ever get better? Readers will learn how to tell when something is certain, more likely, less likely, or impossible as Jack keeps hoping his streak of bad luck will break. Maybe, just maybe, pistachio ice cream for dessert will do the trick. But will it happen? Considering how Jack's day has been going, PROBABLY NOT!
