Imagine looking at your bank balance and seeing one billion dollars. That's what happens to eighteen-year-old Baylee this summer. And it really pisses her off. The trouble starts with a guy. Logan. Picture the hottest eighteen-year-old billionaire in America: Prep school accent, tailored clothes, and polished loafers resting on the glass coffee table. That's him. Logan is spoiled, has no clue about normal, and he's hot. Stare at him while he sleeps hot. Their first date takes them on a scavenger hunt across Las Vegas. Who's their competition? Logan's wealthy friends, who belong to an elite social club. Billionaires. Secret societies. A winner takes all prize. How can that not end well? Lies, money, and bliss merge as Baylee becomes the Accidental Billionaire. Standalone, fun, young adult romance Falling in love with her billionaire boss was the last thing she expected...especially since he was a single dad... Maddox Moore already made a name for himself as a chef and successful restaurant owner before life threw a wrench into his own plans, and now he's a multi-billionaire single father who doesn't have time for anything outside of work and his kiddo. After a night at a charity event, Maddox makes the sudden decision to bid on a date with a beautiful red-headed woman Evelyn, and twenty thousand dollars

later, he wins her for the night. He soon realizes that one night isn't enough...he wants more of her. Too bad she's not interested...yet. Can Maddox win her over without spilling too many of his secrets in the process, or will his desire for her have him baring all? Whilst exploring the ruins of a Greek temple, Professor Jack Grady receives an urgent phone call: his brother, a renowned mathematician, has been murdered. His sudden death, that comes just as he was about to crack the code of a centuries-old mystery, sets in motion a global domino effect. Jack must race from Brazil and Jordan to India and Peru in order to discover the secret that links the Seven Wonders of the World, before it's too late... Named a Best Book of the Year by New York Post! From one of our most innovative and celebrated authors, the definitive take on the wildest story of the year— the David-vs.-Goliath GameStop short squeeze, a tale of fortunes won and lost overnight that may end up changing Wall Street forever. Bestselling author Ben Mezrich offers a gripping, beat-by-beat account of how a loosely affiliate group of private investors and internet trolls on a subreddit called WallStreetBets took down one of the biggest hedge funds on Wall Street, firing the first shot in a revolution that threatens to upend the establishment. It's the story of financial titans like Gabe Plotkin of hedge fund Melvin Capital, one of the most respected and staid funds on the Street, billionaires like Elon Musk, Steve Cohen, Mark Cuban, Robinhood co-CEOs Vlad Tenev and Baiju Bhatt, and Ken Griffin of Citadel Securities. Over the course of four incredible days, each in their own way must reckon with a formidable force they barely understand, let alone saw coming: everyday men and women on WallStreetBets like nurse Kim Campbell, college student Jeremy Poe, and the enigmatic Keith "RoaringKitty" Gill, whose unfiltered livestream videos captivated a new generation of stock market enthusiasts. The unlikely focus of the battle: GameStop, a flailing brick-and-mortar dinosaur catering to teenagers and outsiders that had somehow held on as the world rapidly moved online. At first, WallStreetBets was a joke—a meme-filled, freewheeling place to share shoot-the-moon investment tips, laugh about big losses, and post diamond hand emojis. Until some members noticed an opportunity in GameStop—and rode a rocket ship to tens of millions of dollars in earnings overnight. In thrilling, pulse-pounding prose, *THE ANTISOCIAL NETWORK* offers a fascinating, never-before-seen glimpse at the outsize personalities, dizzying swings, corporate drama, and underestimated American heroes and heroines who captivated the nation during one of the most volatile weeks in financial history. It's the amazing story of what just happened—and where we go from here. What makes a company truly outstanding? What is the secret sauce of delivering successful results over multiple decades? What is common to Asian Paints, HDFC Bank, Axis Bank, Marico, Berger Paints, Page Industries and Astral Poly? They are Unusual Companies, built by Unusual Billionaires. This book tells the story of these seven companies, handpicked out of 5000 listed on the stock exchange. Built by visionary business leaders, they have delivered outstanding results for a decade and more. How did these companies do it? Why couldn't this be replicated by other companies? What are they doing differently? Saurabh Mukherjea, bestselling author of *Gurus of Chaos*, delivers an exceptional book with lessons to learn from these seven businesses. Mukherjea tells you why focusing on the core business is central to corporate success and how a promoter giving up control to the top management could be a boon. He also explains how investors can generate market-beating investment returns from identifying companies such as these using a simple set of metrics. Packed with these learnings

are riveting corporate stories of how Hindustan Unilever made an aggressive bid to buy Harsh Mariwala's business, but had to sell a business to him in a few years, or how Page Industries found an innovative way to stop unionization at their manufacturing units. Other stories include the turnaround of Axis Bank and the boardroom coup that led to its chairman's exit and how Vijay Mallya sold Berger Paints to the Dhingra brothers. This book is mandatory reading for anyone who wants to understand how business is done successfully in India. The must-read summary of Ben Mezrich's book: "The Accidental Billionaires: The Founding of Facebook" This complete summary of the ideas from Ben Mezrich's book "The Accidental Billionaires" recounts the story of the world's biggest social network and the world's youngest billionaire, Mark Zuckerberg. Learn how a company that was created to connect people ultimately tore two best friends apart. In 2003, Eduardo Saverin and Mark Zuckerberg, two Harvard undergrads, were looking for a way to stand out among the university's elite student body. The book tells how Mark crashed Harvard's network and created the social networking site that has since revolutionised the way people communicate. "The Accidental Billionaires" is a captivating story of betrayal, sex and money. Added-value of this summary: • Save time • Understand key concepts • Increase your business knowledge To learn more, read "The Accidental Billionaires" and discover the juicy stories behind the creation of Facebook. Abby Abernathy is re-inventing herself as the good girl as she begins her freshman year at college, which is why she must resist lean, cut, and tattooed Travis Maddox, a classic bad boy. Schoolboy turns secret agent in this hilarious spy spoof! Before you read this, I want you to carefully check that no-one is reading over your shoulder - go ahead, do it now. First off, that was terrible - really obvious. If I'm going to tell you top secret government information, you're going to have to be a bit more stealthy. Try again. Was anyone looking? No? Right, then I'll begin. This year the secret service made a major mix up, they mistook a 13-year-old boy called Kevin for a secret agent (I know, so much for an 'intelligence' agency). This was the sort of kid that would try and zip wire across a building and end up falling head first into a fountain with his bum on show, so can you imagine what happened when he was allowed access to the amazing sort of spy gadgets that James Bond would use? Despite this, it was up to Kevin to save us all from an evil supervillain. It was the most dangerous, daring mission in the history of the secret service, and also its biggest blunder. This top secret book uncovers the entire story of Kevin's fateful and hilarious mission. "You've given me a taste of you and now...I want more. Shayla Hart, a 27-year-old, fiercely independent, young woman with aspirations of becoming an architect lands a job at Cult Designs -- one of the world's most prestigious architectural firms in London. A wild night out with her two best friends to celebrate her new job quickly gets out of hand when she finds herself in Las Vegas, hungover, with no memory, and married to none other than Tristan Cole Hoult -- the devilishly handsome, and charming stranger she meets at the club. The meaningless, wildly passionate, one-night-stand with the irresistibly sexy stranger Shayla was hoping for, quickly becomes more than she bargained for. Relates the story behind the founding of Facebook by Harvard University undergraduates, and describes how conflicting ideas for the future of the site destroyed the friendship of co-founders Mark Zuckerberg and Eduardo Saverin. A gripping and shocking insight into the lives of Russia's most famous oligarchs from New York Times bestselling author of The Accidental Billionaires and Bringing Down the House. Once Upon a Time in Russia is the untold true story

of the larger-than-life billionaire oligarchs who surfed the waves of privatization to reap riches after the fall of the Soviet regime: "Godfather of the Kremlin" Boris Berezovsky, a former mathematician whose first entrepreneurial venture was running an automobile reselling business, and Roman Abramovich, his dashing young protégé who built a multi-billion-dollar empire of oil and aluminium. Locked in a complex, uniquely Russian partnership, Berezovsky and Abramovich battled their way through the "Wild East" of Russia with Berezovsky acting as the younger man's krysha- literally, his roof, his protector. Written with the heart-stopping pace of a thriller -but even more compelling because it is true - this story of amassing obscene wealth and power depicts a rarefied world seldom seen up close. Under Berezovsky's krysha, Abramovich built one of Russia's largest oil companies from the ground up and in exchange made cash deliveries - including 491 million dollars in just one year. But their relationship frayed when Berezovsky attacked President Vladimir Putin in the media - and had to flee to the UK. Abramovich continued to prosper. Dead bodies trailed Berezovsky's footsteps, and threats followed him to London, where an associate of his died painfully and famously of Polonium poisoning. Then Berezovsky himself was later found dead, declared a suicide. Exclusively sourced, capturing a momentous period in recent world history, Once Upon a Time in Russia is at once personal and political, offering an unprecedented look into the wealth, corruption, and power behind what Graydon Carter called "the story of our age". Samantha Matthews turned her back on her wealthy family to focus on social work. Those who know her think she's the heart of kindness. Those who know her really well know she's in a never-ending battle to make up for the harm her family's companies inflict on the world. Which is how she finds herself at a charity bachelor auction of all places. But oops, she was supposed to bid on her bff's brother as a favor and accidentally bid on the wrong guy. Sue her for not being able to tell one stick-in-the-mud CEO from another. Backstage, she goes to tell him not to worry about having to go through with a date or anything, but the oafish billionaire cuts her off dismissively. Looks her up and down, hands her a card with his assistant's contact details, and reminds her that sex is definitely off the table. Oh, she'll call the assistant all right and have her make sure he wears jeans and comfortable shoes and to pick her up at seven a.m. The only "hammering" this guy is going to be doing is at Habitat for Humanity. Too bad he turns out to be nothing like she expected. As heard on BBC Woman's Hour From the author of the book behind the blockbuster movie Slumdog Millionaire, a brilliant novel about life changing in an instant. In life you never get what you deserve: you get what you negotiate... What would you do if, out of the blue, a billionaire industrialist decided to make you the CEO of his company? No prior business experience necessary. There is only one catch: you need to pass seven tests from the 'textbook of life'. This is the offer made to Sapna Sinha, an ordinary salesgirl in an electronics boutique in downtown Delhi, by Vinay Mohan Acharya, one of India's richest men. Thus begins the most challenging journey of Sapna's life, one that will test her character, her courage and her capabilities. Along the way she encounters a host of memorable personalities, from a vain Bollywood superstar to a kleptomaniac Gandhian. At stake is a business empire worth ten billion dollars, and the future she has always dreamt of. But are the seven tests for real or is Acharya playing a deeper game, one driven by a perverse fantasy? From the acclaimed author of Slumdog Millionaire, one of the biggest films of the decade, comes this compelling, suspenseful tale of the power

of dreams, the lure of money and the universal need to know who we are. Praise for *The Accidental Apprentice*: 'It's easy to forget that before it was retitled for Hollywood, *Slumdog Millionaire* was a novel called *Q&A*, which makes its author, Vikas Swarup, probably the most successful Indian author you've never heard of.... Gripping stuff... Perhaps *The Accidental Apprentice* is awaiting its Danny Boyle' *The Times* Praise for *Q&A/Slumdog Millionaire* 'A colourful portrait of Indian society is painted with remarkable lightness and wit' *Sunday Telegraph* 'Absorbing and richly entertaining reading' *The Times* In 2002, NASA fellow Thad Roberts hatched the most daring heist ever conceived: steal NASA's precious moon rocks. With the help of his girlfriend and another female cohort, both NASA interns, Roberts successfully stole the rocks. However, selling the invaluable stones proved to be Roberts' downfall. From Ben Mezrich, the *New York Times* bestselling author of *The Accidental Billionaires* and *Bringing Down the House*, comes *Bitcoin Billionaires*--the fascinating story of brothers Tyler and Cameron Winklevoss's big bet on crypto-currency and its dazzling pay-off. Ben Mezrich's 2009 bestseller *The Accidental Billionaires* is the definitive account of Facebook's founding and the basis for the Academy Award-winning film *The Social Network*. Two of the story's iconic characters are Harvard students Tyler and Cameron Winklevoss: identical twins, Olympic rowers, and foils to Mark Zuckerberg. *Bitcoin Billionaires* is the story of the brothers' redemption and revenge in the wake of their epic legal battle with Facebook. Planning to start careers as venture capitalists, the brothers quickly discover that no one will take their money after their fight with Zuckerberg. While nursing their wounds in Ibiza, they accidentally run into an eccentric character who tells them about a brand-new idea: cryptocurrency. Immersing themselves in what is then an obscure and sometimes sinister world, they begin to realize "crypto" is, in their own words, "either the next big thing or total bulls--t." There's nothing left to do but make a bet. From the Silk Road to the halls of the Securities and Exchange Commission, *Bitcoin Billionaires* will take us on a wild and surprising ride while illuminating a tantalizing economic future. On November 26, 2017, the Winklevoss brothers became the first bitcoin billionaires. Here's the story of how they got there—as only Ben Mezrich could tell it. A *Wall Street Journal* bestseller. *Opposites resist--and attract--under the Cancún sun in this emotional Accidental Billionaires novel by New York Times bestselling author J.S. Scott.* Years ago, Noah Sinclair promised his dying mother that he'd stay strong and work hard for his younger brothers and sisters. Even with the Sinclairs' newfound wealth, Noah has never steered from that blue-collar drive. His siblings think it's time--with the gift of a Cancún vacation. To Noah, being forced to relax isn't bliss. It's a chore. Especially under the watch of a beautiful family friend enlisted to make sure every laptop under the sun stays closed. All Andie has to do is convince a handsome billionaire to take a deep breath? It should be a dream for the bohemian travel writer. If Noah--a workhorse so resistant to change--weren't spoiling for a fight. But no matter how hard Noah pushes her away, Andie is pushing back. She promised she'd teach Noah to embrace every pleasure in life. It's a promise she made to herself once, too. What begins as a battle of wills becomes a chance for Noah and Andie to open their hearts and share their fears. Night after intimate night. It's the last thing they expected from Cancún, and it's what they need the most. Even if it isn't supposed to be forever. **NATIONAL BESTSELLER** "The *Social Network*, the much anticipated movie...adapted from Ben Mezrich's book *The Accidental Billionaires*." —The *New York Times* Best friends Eduardo

Saverin and Mark Zuckerberg had spent many lonely nights looking for a way to stand out among Harvard University's elite, competitive, and accomplished student body. Then, in 2003, Zuckerberg hacked into Harvard's computers, crashed the campus network, almost got himself expelled, and was inspired to create Facebook, the social networking site that has since revolutionized communication around the world. With Saverin's funding their tiny start-up went from dorm room to Silicon Valley. But conflicting ideas about Facebook's future transformed the friends into enemies. Soon, the undergraduate exuberance that marked their collaboration turned into out-and-out warfare as it fell prey to the adult world of venture capitalists, big money, and lawyers. They have it all...except the one thing that matters most.

Charlie McLaughlin loves structure. She's kept the same daily schedule for the past four years, arriving at the same building and sitting at the same desk. She loves the familiarity of it all. Unpredictability makes her feel out of control.

Nicholas Shaw lives life by the seat of his pants. He's intrigued by the classy, statuesque blonde who works for his college roommate and longtime friend. She's exactly the type of woman his family would expect him to marry. In fact, if she were his wife, he could put an end to his mother's persistent matchmaking, once and for all. At least it would get him through his brother's upcoming wedding.

Charlie resists the offer at first, but her ten-year high school reunion is coming up. Arriving with a billionaire next to her is just what she needs to finally stick it to the classmates who were so mean to her. They agree to pretend to be married for a week, then go their separate ways. What they don't expect is that they'll fall in love.

The Silicon Valley Billionaires series is a sweet, clean contemporary billionaire series filled with swoon-worthy heroes and plenty of romantic moments. How does a single mom end up with a sugar daddy?? My best friend tells me I need to date and then sends me to a sugar daddy mixer. I'm plotting my revenge on the way out when a hottie stops me. He's the youngest one here but still older than me. One dinner, he says. One dinner and I'm considering his offer. As a single mom, I can't turn the money down. Only this fake relationship is starting to feel all too real. He wants more, like me and the kids to move into him. But my past isn't pretty and his world is ready for battle because they don't want me. Will he still want me now? This is a VERY Steamy, Billionaire, Sugar Daddy Romance. No Cliffhangers. As always there is a satisfying Happy Ever After. If you love steamy romances with insta love, hot love scenes, and billionaires, then this one is for you. This is steamier than any book I have written to date. You have been warned. ~~~~~ If you're a fan of Julia Kent, Jess Kane, Alexa Riley, Mia Brody, Ivy Smoak, Gemma Weir, Alexis Winter, Nicole Snow, K.C. Crowne, Marley Michaels, Frankie Love, Sierra Rose, Emma Chase, Penny Reid, Lauren Blakely, Sally Thorne, Susan Elizabeth Phillips, Kendall Ryan, Kristan Higgins, Helena Hunting, Sophie Kinsella, Alice Clayton, Alexx Andria, Vi Keeland, Penelope Ward, Sandi Lynn, & Ava Grace, you're going to love Accidental Sugar Daddy!

relationship, single parent, age gap romance, When Bloomberg News invited the young American journalist Alex Cuadros to report on Brazil's emerging class of billionaires at the height of the historic Brazilian boom, he was poised to cover two of the biggest business stories of our time: how the giants of the developing world were taking their place at the center of global capitalism, and how wealth inequality was changing societies everywhere. The billionaires of Brazil and their massive fortunes resided at the very top of their country's economic pyramid, and whether they quietly accumulated exceptional power or extravagantly displayed their decadence, they formed a potent microcosm of the world's richest .001 percent. They held sway over the economy, government, media, and stewardship of the environment; they determined the spiritual fates and populated the imaginations of their countrymen. In 2012, Eike Batista ranked as the eighth-richest person in the world, was famous for his marriage to a beauty queen, and was a fixture in the Brazilian press. But by 2015, Batista was bankrupt, his son Thor had been indicted for manslaughter, and Brazil--its president facing impeachment, its provinces combating an epidemic, and its business and political class torn apart by scandal--had become a cautionary tale of a country run aground by its elites. Over four years, Cuadros reported on media moguls and televangelists, energy barons and shadowy figures from the years of military dictatorship, soy barons who lived on the outskirts of the Amazon, and new-economy billionaires spinning money from speculation. His zealous reporting takes us from penthouses to courtrooms, from favelas to art fairs, from scenes of unimaginable wealth to desperate, massive street protests. Within a business narrative that deftly dramatizes the volatility of the global economy, Cuadros offers us literary journalism with a grand sweep.--Adapted from dust jacket. Discover and cultivate the secret traits of self-made billionaires with THE SELF-MADE BILLIONAIRE EFFECT by John Sviokla and Mitch Cohen

Imagine what Atari might have achieved if Steve Jobs had stayed there. Or what Steve Case could have done for Pepsi if he hadn't left for a start-up that eventually became AOL. Scores of billionaires worked for established corporations before they struck out on their own. People like Michael Bloomberg and Mark Cuban went on to build iconic household brands. Why didn't their former employers hang onto to these people? And why are most big companies unable to create as much value as the world's 800 self-made billionaires? Billionaires aren't necessarily luckier, smarter or harder working than the rest of us - and they rarely build something brand-new. The key difference is their mindset. They redefine what's possible - and they are critical to any company looking to create massive value. The Self-Made Billionaire Effect breaks down the five critical habits of massive value-creators, so you can learn how to identify, encourage, and retain them - and even become one yourself. It will forever change the way you think about talent and business value. John J. Sviokla is the head of Global Thought Leadership with PricewaterhouseCoopers. He is a frequent speaker on innovation, growth, and customer behavior. In addition to working with clients, John serves on PwC's Advisory Leadership Group and Global Thought Leadership Council. He was on the faculty of the Harvard Business School for ten years and has written for Harvard Business Review, The Wall Street Journal, Financial Times, and Sloan Management Review. Mitch Cohen is PwC's Vice Chairman. During his 33 years at the firm and 20 years as a partner, Cohen has held a variety of leadership roles and served numerous Fortune 500 clients. A billionaire stock investor with a dragon-sized ego finds himself in an outrageous pickle when an eccentric entrepreneur approaches him

to invest in his company which makes a revolutionary new product—NOTHING. While the billionaire dismisses him with 1 lakh rupees to seek psychiatric help, the entrepreneur instead uses the money to start manufacturing NOTHING, assigning him a stake in the company as a sign of gratefulness. Caught in a precarious situation, the billionaire must now debate the validity of the stake he has unintentionally picked up in the company as it becomes more and more valuable each day with everyone from politicians to filmstars to aam aadmis parading the power of Nothing. Things escalate into a circus when another company sues for what they believe is a blatant patent plagiarism of their original idea. Rambunctious, packed with tons of sarcasm, spoofs, and sketches, *How to Become a Billionaire by Selling Nothing* looks at the inherent madness of human nature and the ridiculous lengths people go to while doing business. A first responder's harrowing account of 9/11—the inspirational true story of an American hero who gave nearly everything for others during one of New York City's darkest hours. On September 11, 2001, FDNY Battalion Chief Richard "Pitch" Picciotto answered the call heard around the world. In minutes, he was at Ground Zero of the worst terrorist attack on American soil, as the Twin Towers of the World Trade Center began to burn—and then to buckle. A veteran of the 1993 bombing of the World Trade Center, Picciotto was eerily familiar with the inside of the North Tower. And it was there that he concentrated his rescue efforts. It was in its smoky stairwells where he heard and felt the South Tower collapse. He made the call for firemen and rescue workers to evacuate, while he stayed behind with a skeleton team of men to help evacuate a group of disabled and infirm civilians. And it was in the rubble of the North Tower where Picciotto found himself buried—for more than four hours after the building's collapse. A Wall Street Journal bestseller. There's nothing richer than a second chance in the steamy second book of New York Times bestselling author J.S. Scott's *Accidental Billionaires* series. Aiden Sinclair was a commercial fisherman before he suddenly came into his billionaire inheritance--not that he's complaining. Being a Sinclair does have its perks. But things were simpler before the money. He may have been dirt poor, but he loved his job and fully intended to always come back from the sea to his girlfriend, Skye Weston, so they could move toward something more permanent. Or at least that had been the plan...until he returned from a two-month fishing trip to discover she had moved away and was marrying somebody else. It tore his world apart. Now Skye's back in town after nearly a decade. She's a single mother and just as beautiful as ever. However, for some odd reason, she appears to hate him, when it should be Aiden who wants nothing to do with the woman who dumped him. Unfortunately, more than nine years of separation have done nothing to put a damper on their white-hot chemistry. But even if those feelings are real, Skye has been keeping secrets. The truth of the past is about to come to light, and there is so much more at stake than just Aiden's heart. Connie Bonner has spent her life working hard and following her passion, never too worried about how things will work out or where her life is headed. But after one unforgettable, passionate night with Brian O'Leary, her gorgeous former boss, her life has ground to a halt. Now, she's pregnant. Facing the biggest responsibility of her life. Worse, Brian's new girlfriend and soon-to-be fiancée is demanding Brian not be named the father and that Connie sign a non-disclosure agreement. But when Brian begins to help Connie prepare for the baby, she finds herself dreaming about not just their child but a family with the billionaire as well. Brian is convinced that Connie's pregnancy is just a small hiccup on his way to the perfect life

he's dreamed of since he was a poor kid on the wrong side of the tracks. He's already amassed fortune, and has found the perfect, practical fiancée who comes with a major tech deal, putting his goal almost in reach. He has no room in his life for the always-cheerful Connie, but he finds himself more and more drawn to her despite his looming goal. She's the opposite of everything he needs in life. But if that's true, why is it so hard to resist her? As the pregnancy progresses, Connie wants Brian to see that there's more to life than making money, and that they're meant to be a family. But with everything working against them and a baby on the way, time is running out for them to find their happily ever after. Can a blind date change your life?

Ayla I need to get into Harvard. That's all I can think about. When my best friend tells me she knows exactly what can get me in; I'm game. I wasn't expecting it to be a blind date with her hot billionaire brother. Neither was I expecting to accidentally end up married to him. But here I am. A married woman. Married to the hottest guy I've ever met. But this is not a real marriage, and he can't wait for it to end.

Ethan The only thing I want is this deal to happen. I'm ambitious and I'm a hunter. A woman isn't going to slow me down. Neither is an accidental marriage. Ayla Dunlop might be sexy as Hell and have the most delicious body to keep me awake all night--but she's going to help me get what I want. And then she'll be gone from my life. Perfect. I'm not expecting this marriage to last, no matter how good it feels to be inside her. Her Accidental Wedding is a steamy contemporary billionaire romance. If you like engaging characters, a well-written story with a surprising twist, then you'll love Suzanne's novel. Buy Her Accidental Wedding to heat up your Kindle today. There's no such thing as a casual romance in this unforgettable Accidental Billionaires novel by New York Times bestselling author J. S. Scott. After finishing a hard-won medical residency, Owen Sinclair now lives his dream as a family physician. The windfall that brought him newfound wealth has also made handsome Dr. Sinclair the town's most eligible bachelor. But Owen's eyes are on Layla, his onetime best friend, his clinic's dedicated nurse practitioner, and the one woman in Citrus Beach who has no interest in either his body or his billions. In high school, Owen and Layla were always there for each other. Layla could confess almost anything to him. But wanting more than friendship was a confession too far, and Layla's teenage longing was crushed in a heartbeat. Two buried hurts are now in need of mending, and Owen has a proposition--if Layla is game. It's a matter of trust as they discover so much more about the past, each other, and themselves. It's not too late. Maybe they can make up for lost time. A love this true is worth the wait. Jorge leaving the country meant one thing for me. A huge heartbreak. I wanted to take all of our annoying memories and trash them. A year went by before I heard that he was returning back to the States. He was still my best friend. And now, he was also my next-door neighbor. Turns out, he was in serious trouble. And I wanted to help when his company financials looked shady. Look, Jorge is a smart man. But he's still a... man. Which means that he slept with his business partner and regretted it. And that one decision landed him in trouble. Well, now... pretending that he has a fake wife is the only way out. I've been many things to him. But a fake wife? That one's going to be hard, mostly for one reason. I just wish he'd admit that we're way more than just fake. But knowing him, he'll give me another real heartbreak instead of a real engagement ring. A new, hilarious book from author Tom McLaughlin, creator of the highly-acclaimed The Accidental Prime Minister. Funny by Name. Funny by Nature. Jasper Spam is mad about science, the problem is that all of his experiments tend to end in a BANG, until one

day quite accidentally Jasper manages to invent something that will change the world forever . . . One crazy experiment involving a shed, a mallet, and a poorly aimed laser beam results in Jasper's cat Rover, becoming the world's first talking cat. Finally an invention that works - the Cat Chat 2000! Soon people are handing over all of their cash to get a talking cat. With his new found wealth Jasper can finally live the life he's always dreamed of - buying a mansion, sports team, and producing a Hollywood blockbuster. But is there a huge price to pay for bringing talking cats to the world, and money won't be able to solve the problem that the Cat Chat 2000 has caused.

Relates the story behind the founding of Facebook by Harvard University undergraduates, and describes how conflicting ideas for the future of the site destroyed the friendship of co-founders Mark Zuckerberg and Eduardo Saverin. Recounts the story of how a notorious gang of MIT blackjack savants devised and received backing for a system for winning at the world's most sophisticated casinos, an endeavor that earned them more than three million dollars. The things she had to do to save her family business! Emily Quest had dressed to the nines and gone to an awful party, where she'd been rescued by a handsome stranger. Despite the sizzling attraction between them, Emily never thought she'd see him again. But now he's right in front of her, as gorgeous as ever! Ethan West thinks Emily is a rapacious good-time girl, and he's about to make her face the consequences—in his bed! The story of how two socially inept Ivy Leaguers concocted a scheme to meet girls, and ended up changing the concept of social networking as we know it. The story of how Facebook was born. The bestselling author of *The Accidental Billionaires* and *The 37th Parallel* tells the fascinating Jurassic Park-like story of the genetic restoration of an extinct species—the woolly mammoth. “Paced like a thriller...Woolly reanimates history and breathes new life into the narrative of nature” (NPR). With his “unparalleled” (Booklist, starred review) writing, Ben Mezrich takes us on an exhilarating and true adventure story from the icy terrain of Siberia to the cutting-edge genetic labs of Harvard University. A group of scientists work to make fantasy reality by splicing DNA from frozen woolly mammoth into the DNA of a modern elephant. Will they be able to turn the hybrid cells into a functional embryo and potentially bring the extinct creatures to our modern world? Along with this team of brilliant scientists, a millionaire plans to build the world’s first Pleistocene Park and populate a huge tract of the Siberian tundra with ancient herbivores as a hedge against an environmental ticking time bomb that is hidden deep within the permafrost. More than a story of genetics, this is a thriller illuminating the real-life race against global warming, of the incredible power of modern technology, of the brave fossil hunters who battle polar bears and extreme weather conditions, and the ethical quandary of cloning extinct animals. This “rollercoaster quest for the past and future” (Christian Science Monitor) asks us if we can right the wrongs of our ancestors who hunted the woolly mammoth to extinction and at what cost?

Annaya's wild streak has often got her into trouble before but this situation is something else. After going to Vegas for a girl's weekend, one drink led to another and before she knew it she was waking up in bed next to a man she did not know. As it turns out, that man was Billionaire playboy Jack Casali and this was not just a one night stand, they also got married too! Annaya now has to face up to the reality of being known by the press as the "Billionaire's Accidental Bride" and the two strangers face a race against time to get their accidental marriage annulled and putting this incident behind them. However, it seems that fate might have other plans for them...

A reformed wild child aims to settle down, but she's also caught the eye—and maybe the heart—of a bad boy tech billionaire in this contemporary romance. What do you do when Mr. Right seems oh-so-wrong? Holly Sinclair is ready to have it all. She's even found her Mr. Right—a steady, reliable guy who just needs a little convincing. Now all the former wild child has to do is free herself of her very inconvenient attraction to Jack Everett. Not only does the notorious playboy and tabloid king seduce her at her sister's wedding, he follows her to Paris! Suddenly, Holly is alone with Jack in the most romantic city in the world—and his family is leaping to the wrong conclusions . . . The world's most infamous bachelor has finally met his match. If Jack was the type to settle down, Holly would be the woman of his dreams. There's just one hitch: Holly actually believes she wants to marry Mr. Oh-So-Boring. Intent on proving that she deserves someone better, Jack finds himself playing the role of the perfect boyfriend . . . a little too well. If he's not careful, he might just lose this game—and his heart. Like his brothers and sisters, Seth Sinclair went from blue-collar to billionaire overnight, and he's decided to invest in what he knows best: construction. There's only one thing in his way -- the endangered birds nesting on a piece of prime beachfront real estate. And fighting for the birds is Riley Montgomery, a stubborn, pain-in-the-ass, drop-dead-gorgeous environmental lawyer. The worst part? Seth will do anything to keep her around -- even if it means hiring her to be his fake girlfriend.

The first in-depth look at one of the world's richest-and mostsecretive-businessmen Though his wealth is certainly no secret, the world's fourthrichest man remains an enigma. Paul Allen made his fortune as BillGates's partner in Microsoft, supplemented it with questionable,though often profitable, venture capital schemes, and has sinceinvested his wealth in a widely divergent list of interests. Heowns the NBA's Portland Trailblazers and the NFL's SeattleSeahawks. Among hundreds of smaller ventures, he is a primarystakeholder in the film production company DreamWorks SKG andformerly held a large piece of the widely despised Ticketmastermonopoly. Dubbed the "Accidental Zillionaire" by Wired magazine,Allen has often appeared to be a bumbler who succeeded primarilythrough luck and by coopting the visionary ideas of others. In TheAccidental Zillionaire, Laura Rich, one of the foremost chroniclersof the Internet economy, unravels the secret Paul Allen, his innermotivations, his vision, and his personality. She tells Allen'sstory from his days as a fledgling computer geek in suburbanWashington state, to his role in founding the world's largestsoftware company, to his battle with cancer, to his sycophanticflirtation with Hollywood and its brightest stars. Paul Allen is aman of various interests and passions, but few if any know himwell. The Accidental Zillionaire for the first time reveals theinner workings of a towering figure in the worlds of technology,business, sports, and entertainment. Laura Rich (Los Angeles, CA) is a former writer forThe Industry Standard, Adweek, and InsideMedia. She currently covers the world of digital entertainmentfor Entertainment Weekly, Fortune, and TheHollywood Reporter. She penned The Standard's popular "RichList" report and has reported on Paul Allen for years. When Joe tells a local news reporter exactly what he would do if he were leader of the country, the video goes viral and Joe's speech becomes famous all over the world! Before long, people are calling for the current leader to resign and give someone else a go . . . and that's how an ordinary boy like Joe ended up with the most extraordinary job. Now the fun can really start . . . Hats for cats! Pet pigs for all! Banana shaped buses! Swimming pools on trains! A hilarious story of one boy's meteoric rise to power!
