A great gift idea for any special occasion. Only thirty-five miles from St. Louis, the Shaw Nature Reserve is consistently ranked a top natural attraction in the state of Missouri. Founded in 1925 as a response to the coal pollution then choking*

plant life in the region, the Reserve has a mission to "inspire stewardship of our environment through education, restoration and protection of natural habitats, and public enjoyment of the natural world." This book captures the history and natural beauty of the Shaw Nature Reserve from its founding to the present day. "Whether you view your one-woman ménage as Doom or Adventure, you need a plan, if you are going to make the best of it." Thus begins Marjorie Hillis' archly funny, gently prescriptive manifesto for single women. Though it was 1936 when the Vogue editor first shared her wisdom with her fellow singletons, the tome has been passed lovingly through the generations, and is even more apt today than when it was first published. Hillis, a true bon vivant, was sick and tired of hearing single women carping about their living arrangements and lonely lives; this book is her invaluable wake-up call for single women to take control and enjoy their circumstances. Hillis takes readers through the fundamentals of living alone, including the importance of creating a hospitable environment at home, cultivating hobbies that keep her there ("for no woman can accept an invitation every night without coming to grief"), the question of whether single ladies may entertain men at home (the answer may surprise you!), and many more. With engaging chapter titles like "A Lady and Her Liquor" and "The Pleasures of a Single Bed," along with a new preface by author Laurie Graff (You Have to Kiss A Lot of Frogs), LIVE ALONE AND LIKE IT is sure to appeal to live-aloners and many other readers alike.
