Excerpt from Shelby Moore Cullom: Funeral Services Held in the Illinois State Capitol, Sunday, February 1, 1914 The body of the dead statesman lay in state in the Capitol from 9 to 12 o'clock in the morning, Sunday, February 1, 1914, with non commissioned officers of the Illinois National Guard standing guard. Many hundreds of persons, including visitors who had come in during the course of the night for the final services, viewed the features. At the funeral hour, o'clock, Representatives Hall was filled. A large space had been reserved for members of the family and personal friends, but further than this the service was public. The other is serving a life sentence in prison. In development as a feature film executive produced by Stephen Curry, who selected the book as his "Underrated" Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that

had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world. In the first in-depth study of Moore's feature-length documentary films, editors Thomas W. Benson and Brian J. Snee have gathered leading rhetoric scholars to examine the production, rhetorical appeals, and audience reception of these films. Contributors critique the films primarily as modes of public argument and political art. Each essay is devoted to one of Moore's films and traces in detail how each film invites specific audience responses. *Basics of Game Design* is for anyone wanting to become a professional game designer. Focusing on creating the game mechanics for data-driven games, it covers role-playing, real-time strategy, first-person shooter, simulation, and other games. Written by a 25-year veteran of the game industry, the guide offers detailed explanations of how to design t An author subject index to selected general interest periodicals of reference value in libraries. A world list of books in the English language. Colleen Moore (1899-1988) was one of the most popular and beloved stars of the American silent screen. Remembered primarily as a comedienne in such films as *Ella Cinders* (1926) and *Orchids and Ermine* (1927), Moore's career was also filled with dramatic roles that often reflected societal trends. A trailblazing performer, her legacy was somewhat overshadowed by the female stars that followed her, notably Louise Brooks and Clara Bow. An in-depth examination of Moore's early life and film career, the book reveals the ways in which her family and the times in which she lived influenced the roles she chose. Included are forewords written by film historian Joseph Yranksi, a friend of the actress, and by Moore's stepdaughter, Judith Hargrave Coleman. Examines the development of Michael Moore's ideas and the evolution of his filmmaking, then dissects "Fahrenheit 9/11", and explores the many claims and disagreements about the movie's truthfulness. This study shows that Michael Moore's film did more than shake up a nation. For over a hundred years, the journal of the Irish poet Thomas Moore (1779-1852) was thought to have been destroyed. In 1967 the manuscript was found in the archives of the Longman Publishing House in London. This edition, to be published in six volumes, reveals

the essential Moore and introduces the reader to the daily, personal record of Moore's life from 1818 to 1847. The journal begins as an accurate rendering of the author's daily life and ends as a tragic reflection of a failing memory

and a deteriorating mind. Indispensable perspectives on America's top documentary filmmaker and political commentator In celebration of the 100th anniversary of Henry Moore's birth, this book features the most important and comprehensive single group of

Moore's Drawings, graphics, and sculpture. More than 300 of Moore's acclaimed works are reproduced, along with fresh insights and personal anecdotes by colleagues. 290 color illustrations.
